

Journey back through the sands of time to the banks of the mighty Nile to meet the beautiful Queen Nefertiti, the Great Royal Wife of Pharaoh Akhenaten, as she rules over Ancient Egypt. It is going to be an action-packed expedition in which you will witness Nefertiti as she battles against the gods of old – Horus, Osiris, Anubis, and Bastet, in her effort to unite her people under the one true Sun god.

Nefertiti HyperWays™ is a grand 5x4-reel slot game that comes in three different game volatility variations: medium (5,000x bet), high (50,000x bet), and very high (150,000x bet). Each symbol can land with up to a 9x SYMBOL MULTIPLIER, giving a maximum potential of 60,466,176 HyperWays™ to win! Each spin awards a different-ways-to-win combination depending on the total symbol multipliers that land on each symbol. Wins are attained by landing identical symbols on three or more consecutive reels, and landing multiple symbols on that reel multiplies that win.

MEGA NEFERTITI WILDS appear randomly in the base game and land with a random TOTAL WIN MULTIPLIER up to 5x. They have a max SYMBOL MULTIPLIER of 9x, 18x, 27x, and 36x for symbol sizes 1x1, 1x2, 1x3, and 1x4 respectively. The bigger the Mega Nefertiti Wild, the higher the SYMBOL MULTIPLIER. Mega Nefertiti Wilds also create random WILDS on the reels when they land, and during WINNING CASCADES the Mega Nefertiti Wild can replace removed symbols with new WILDS. Landing five SCATTERS in the base game awards eight FREE SPINS.

Last but not least, Nefertiti HyperWays™ offers players a BUY BONUS that they can use to buy free spins.

Travel back to the 18th Dynasty of Ancient Egypt and enjoy this expedition of a lifetime.

Game features

HYPERWAYS™

HyperWays™ is GameArt’s revolutionary game mechanic that permits each symbol to land with up to a 9x Symbol Multiplier, giving a maximum potential of 60,466,176 HyperWays™ to win. This insane number of ways to win is achieved on a standard 5x4 reel. Since every symbol has a ‘unique’ symbol multiplier of up to 9x, HyperWays™ can simulate up to the equivalent of 36 symbols on a single 4-tall-reel! With this method, we can achieve the workings of 60,466,176 ways in a small game area, making this slot one of the highest ways-to-win slots ever.
