## Legion X

Join us as we venture into the legion of the Imperial Roman Army, where we fight on land, sea, and even on horseback. Known and feared across the world, our legion is home to some of the most skilled and well-trained killers of our time.

Legion X is available with dual RTP setup at 96.04% and 94.04% (DX1).

## Game Features

### xNudge Wilds

A Wild symbol that will nudge up or down until fully visible on the reel. Each nudge increases a Wild multiplier by 1. Several Wild multipliers add to each other for a total Wild multiplier.

### Infectious Wild

Can only land on the first and last reel. One Infectious Wild symbol will turn all instances of any random low symbol from the middle reels into Wild symbols. Landing two will turn all low symbols in the middle reels into Wild symbols.

### xWays

Can only land on the first and last reel. Can transform into any other symbol except for Wild or Bonus symbols. This will reveal 2-4 symbols of the same kind, which will increase the number of win ways.

### xWays and Infectious Wild

Can only land on the first and last reel. When landing an xWays and Infectious Wild, both enhanced features will be triggered. The middle reels will be converted into Infectious xWays and Wilds.

### Legion X Spins

Eight Legion X Spins are triggered when landing three Bonus symbols in the middle reels. The first and last reel will gain an extra row. The win multiplier will be increased by xNudge Wilds, and will remain throughout the feature.

### Legion X Equestris Spins

Ten Legion X Equestris Spins triggered when landing three Bonus symbols and two xWays symbols.

### Legion X Fretensis Spins

Ten Legion X Fretensis Spins are triggered when landing three Bonus symbols and two Infectious Wild symbols.

### Legion X Gemina Spins

Ten Legion X Gemina Spins will be triggered when landing three bonus symbols with one Infectious Wild Symbol and one xWays symbol.

### No Strength only Honour

Max payout of the game is set to 31,000x times the base bet. Trigger this, and the game round will end.

### Nolimit Bonus - Feature Buy Functionality

\* The Nolimit Bonus feature may however be removed in some regulated markets.
