Collect 6 Ice Orbs in the base game or the free spins and be transported to the Link&Win™ feature. Freeze columns of ice orbs in place and watch your riches grow on every spin with the Column Boost Feature. Orbs can also award jackpots and anyone who finds all 15 orbs will win the Mega Jackpot! In the Win Booster™ feature, a free ice orb increases the chance of the Link&Win™ feature.

**NUDGING WILD FREE SPINS**

Find 3 or more medallions and enter the free spins bonus where our enchantress can land on the reels in any position and use her magical powers to move the reel so that she is fully in view.
