

# BOMPERS

**X-iter**

## Full blown tilt

Get your coins ready, we got some epic pinball action coming your way! Bompers takes the thrill from the arcade hall and mixes it up with a full bag of new slot features.

How will you bump, nudge and tilt to beat the high score?

Bompers is the third slot in the ELK Gravity Series and the first slot with ELK X-iter modes! This 6 column up to 8 rows tilted slot comes with random wilds, sticky wilds, upgrading symbols, and a free drops bonus game.

## Bompers

Up to 5 Bompers can appear at random in the beginning of every drop. Symbol hits on a Bomper fill up its meter, and when full, the Bomper turns into a sticky wild.

## Shooting Star

The Shooting Star strives to move upwards. When it reaches the top, it creates a mixed collection of up to 7 symbols, always guaranteeing some wilds.

## Bonus Game

3 Bonus Symbols trigger the Bonus Game. 7 free drops are awarded with up to 5 Bompers.

*Bompers stay sticky for the whole Bonus Game!*

*Overlapping symbols become Wilds!*

## Mystery Bomb

When the Mystery Bomb is triggered, it turns itself and all its connecting symbols into a random symbol. If 2 Mystery Bombs overlap, all overlapping symbols become wilds.

## Recommended size and ratio for desktop browsers

For the optimal gaming experience, ELK Studios recommend launching the game in 1600x900 resolution. If scaling is required, use 16:9 ratio.

## Technology

ELK games uses state of the art web technologies including support for canvas and WebGL. The client detects the capabilities of the device regardless if the player is running on a desktop, tablet or mobile.

The game client will then optimize the gaming experience based on those parameters.

# ELK Studios

## We build great casino games

Since founded in 2013, ELK Studios has pushed boundaries in the online casino industry. From groundbreaking mathematics to astonishing artwork, ELK takes pride in developing entertaining mobile first content that maximizes the experience for players around the world.

Our games are developed and complied by our inhouse studio in Sweden, and we use well known test centers such as Trisigma and Gaming Laboratories International to certify them. Once released, all games are operated by partners and operators who hold license in each market.
