## Re-spin Feature

The re-spin feature is activated when a full reel contains the same picture symbol only. Wins from triggering Spin are processed first and populate the winnings metre. On re-spin activation the **START** button should be pressed to commence. Once **START** button pressed, the triggering reel full of the same picture symbol will turn wild and other reels re-spin.

Then wins are calculated. If another reel has spun into view containing a full reel of a picture symbol, the another re-spin is awarded. Re-spins continue until a spin does not contain a full reel of the same picture symbol. Once re-spins are complete winnings transfer to balance.

Picture Symbols

## Free Spins Feature

- Free Spins Feature activated by 9+ Free Spins symbols in view on reels 2-3-4.
- Free Spins Feature is 8-15 Free Spins depending on how many Free Spin Symbols activated.
- Free Spins with win lines playing left to right, right to left and centre.
- No Free Spin Scatters available during Free Spins, Free Spins can not be re-triggered.

## Bet Chance

Once a player's credit becomes less than the last spin stake amount the bet chance is activated. The dial becomes active. The odds of a successful bet chance are represented by the green segment. Landing on the green is a successful bet chance, red is a losing bet chance.

On pressing spin the pointer will spin. If landing on the green, a spin of the reels is awarded at the same stake level that was used prior to bet chance activation. If red is landed, then credit is taken. When pressing cancel the screen changes from the bet chance to the game, without any deduction from the remaining balance.

### BET CHANCE

Spin the wheel to bet your remaining balance. If the spin of the wheel is successful then a spin of the game reels at your last played stake is awarded.

## Gamble

Choose a colour or suit to play the gamble feature. A card is dealt. Each card is drawn from a new 52 card deck. The gamble amount is doubled if the correct colour is chosen or quadrupled if the correct suit is chosen. If incorrect, the gamble is lost.
