MEET THE CHARACTERS

FLIP THE EAGLE

This bald eagle does more than just fly – he flips. And as the rest of the USA will soon find out, this national bird is all business. Wearing sunglasses and a steely stare, Flip is ready to take flight for the biggest ride of his life. Help him turn enough tricks to take home the gold and share in his eternal glory.

FEATURES

Ride through the USA ranks by winning Free Spins and Re-Spins.

During the Free Spins feature, receive 15 Free Spins to start and watch while the course flips from side-to-side, putting the high-paying stacks on Reels 1 and 2 and the Walking and Expanding Wilds on the left side.

Attempt difficult tricks but don't be daunted by near-perfect misses: With the innovative Near Win Re-spin feature, whenever you land a stack of symbols in Reels 1 or 4 and the same symbol lands in Reel 2 but not in Reel 3, receive a Re-spin for a second try at a big win.

In the base game, the high-paying symbols are stacked in larger formations on Reels 4 and 5.

With plenty of features, get ready to have some fun flippin' away on these bikes!
