ILLOGIC COOL

25 FREE DROPS **B** **x30** PROGRESSIVE MULTIPLIER

FREE DROP BONUS GAME

3 or more Bonus or Super Bonus symbols trigger the free drop bonus game starting with up to 25 spins and x30 multiplier.

SPACE: THE FINAL FORTUNE..

Logicity will always be questioned, therefore the levels of logic will never end to expand. Once something goes beyond illogic, it should define as most illogic. If not sufficient, then recommended term would be highly illogical. And if nothing makes sense, there is no other term than Illogicool!

Illogicool is a 6 reel 6 row beaming slot. It comes with expanding wilds, sticky wilds, mystery symbols, and a bonus game with persistent multiplier!

COOL REEL

The top reel is a Cool reel with paying and feature symbols. Feature symbols become active once they drop down to the main grid.

TROUBLES

2 adjacent Trouble symbols make them sticky. Each subsequent win make them spread until they finally turn all Trouble covered symbols into the same paying symbol.

DOUBLE TROUBLE

Two Troubles landing on the same reel slot will trigger an extra Trouble expansion.

X-iterTM

X-iterTM allows players to jump right into the action with 5 different game modes ranging from a 5x bet with guaranteed win up to a 500x Super Bonus with a starting multiplier of at least x10.

Recommended size and ratio for desktop browsers

For the optimal gaming experience, ELK Studios recommend launching the game in 1600x900 resolution. If scaling is required, use 16:9 ratio.

Technology

ELK games uses state of the art web technologies including support for canvas and WebGL. The client detects the capabilities of the device regardless if the player is running on a desktop, tablet or mobile.

The game client will then optimize the gaming experience based on those parameters.

ELK Studios

We build great casino games

Since founded in 2013, ELK Studios has pushed boundaries in the online casino industry. From groundbreaking mathematics to astonishing artwork, ELK takes pride in developing entertaining mobile first content that maximizes the experience for players around the world.

Our games are developed and complied by our inhouse studio in Sweden, and we use well known test centers such as Trisigma and Gaming Laboratories International to certify them. Once released, all games are operated by partners and operators who hold license in each market.
