MANEKI-NEKO FEATURES

At the start of every spin, the Maneki Cat selects randomly one of five special features: Win Multiplier, Linked Reels, Golden Symbol, Lines Extension and Free Spins Bonus.

► FREE SPINS BONUS

3x or more Cat Scatter symbols, anywhere on the reels, trigger a Free Spins Bonus. When the Cat selects a Cat Scatter, a single Cat Scatter on the reels is enough to trigger the bonus. 2, 3, 4, 5 or 6 Cat Scatters award 5, 10, 15, 20 or 25 free spins respectively.

► WIN MULTIPLIER

A Win Multiplier in the Maneki Cat's paw increases the spin's win by up to x20!

► LINKED REELS

The Japanese symbols for 2, 3 or 5 in the Cat's paw link the same number of adjacent random reels to display repeated symbols.

► GOLDEN SYMBOL

When the Cat's paw shows a golden version of a random game symbol, every symbol of the same type on the reels turns into a Wild for a spin.

► LINES EXTENSION

The Cat can also select any one of the regular reel symbols and if this symbol wins on the reels, the line extends by one more symbol.
