## Game Features

### Fish Bounty

During the Free Spins, when Fish with bounty values on them and a "Collect" symbol land on the reels at the same time, the total of the values shown on the fish are awarded.

The bounty values are dependent on the total bet amount. Changing the bet amount only takes effect on the next spin after the change was made.

The total Fish Bounty payout is added to any other regular winning combinations that occurred during the round.

## Free spins

When 3,4 or 5 scatter symbols land on reels, it awards 10,15 or 20 Free Spins respectively. The Free Spins can be retriggered an unlimited number of times.

## Gamble Winnings

After each winning spin, a “Gamble” button activates, giving the player the chance to gamble the amount won which could multiply the won amount by 2x or 4x. The player can skip the gamble feature and collect their initial winnings by pressing the “Collect” button, Spin button or the spacebar.

## Playing the Game

### Betting

To play a round, configure your bet using the + / - buttons on either side of the **Spin** button and/or the **Coin Value + / -** buttons. Then, press the **Spin** button or the **Spacebar** to submit the bet and initiate the round.

Rounds can also be initiated by using the **Autospin** feature.

The **Total bet, Balance & Win** amounts can be displayed in coins or cash values. Switching between them can be done by clicking on the bottom UI bar.

### Spin Options

Once the round is started, the player can fast-forward to the round result or skip the animations by pressing the **Skip/Stop** button that replaces the **Spin** button while the round is in progress.

To play rounds faster, the player can use the **Quick Spin** or **Turbo Spin** options (restrictions may apply due to regional jurisdictions)

**Turbo Spin** – the reels spin and stop faster with no extra animations.

**Turbo Spin** can be activated by:

- Holding the **Spacebar** on a desktop computer.
- Turning it on from the **Autospin** menu, and then initiating **Autospin** rounds.

**Quick Spin Mode** - the reels spin and stop faster however all extra animations are shown.

**Quick Spin** can be activated by:

- Turning it on through the **Sandwich** menu
- Turning it on from **Settings**
- Turning it on from the **Autospin** menu, and then initiating the **Autospin** rounds.

## Payout Rules

- Winning combinations are paid per active line in succession from the leftmost to the rightmost reel, except for scatter symbols.
- Winning combinations and payouts are calculated according to the game's "Paytable", which can be accessed through the **Setting** button
- The prizes are calculated using the following formula:  
**Bet** amount, divided by 20, multiplied by the symbol payout multiplier
- Only the highest win per line is paid.
- Malfunction voids all pays.
- Simultaneous wins on different bet lines are added up.
- All wins occur on the selected paylines, excluding bonus wins.

## Payout rules in Features

- Bonus features are played at the same bet amount as the round that activated the feature and with the same number of paylines.

## Incomplete game sessions

- All open sessions, which are not concluded by the player, plus any future transactions for those sessions will be terminated, after a period of time, as defined by the respective regulator per jurisdiction

## Autospin

Enables playing the game automatically for a predetermined number of rounds at the current bet configuration.

The Autospin menu is accessible through the Autospin button.

## Autospin Limits

- Loss Limit - Allows you to control your combined losses by entering a numeric value that will stop the Autospin function and trigger a popup message when the loss limit is reached. Calculated as follows:  
 $(\text{Sum of bets}) - (\text{Sum of wins}) \geq (\text{Loss Limit amount})$ .
- Single Win  
Will stop the Autospin function and a popup message will be displayed when a single win payout is  $\geq$  the 'Single Win' value entered.
- Win Limit  
Allows you to control your combined wins by entering a numeric value that will stop the Autospin

function and trigger a popup message when the win limit is reached. Calculated as follows:  
(Sum of wins) - (Sum of bets) >= (Win Limit amount).

- On a Win  
The Autospin will stop and a popup message will appear on any win within a single round. A free spins feature is considered as one round for this limit setting and the Autospin will only stop after all the free spins are finished.
- On a Feature  
The Autospin will stop and a popup message will appear when the game reaches any feature round, including but not limited to: free spins round, bonus games and mini games, with exception to random wilds features.

When the limit's conditions are met, the Autospin will stop and the relevant popup message will appear in the middle of the screen.
