## WILDFIRE WINS

### WILD SYMBOL

Wild symbols substitute for all symbols except Bonus symbols.

Wild symbols substitution pays the highest possible winning combination on a line according to the PAYTABLE.

Wild symbols can create their own winning combination when landing in a payline combination.

### WILDFIRE RESPINS

### SPECIAL SYMBOLS

In the base game, any win with at least one special symbol triggers Wildfire Respins.

The special symbols are fiery versions of low symbols.

When a special symbol is part of a win, it is activated.

Activated special symbols are tracked on a collection meter.

When a special symbol is activated, all special symbols of the same kind on the visible reel area become sticky Wilds.

This special symbol will not appear for the remainder of Wildfire Respins, but normal low symbols can still appear.

The sticky Wilds remain in place for the duration of the feature.

The feature continues if at least one more of the special symbols is part of a win.

Activating all special symbols awards a final Wildfire Respin.

All wins on the final Wildfire Respin are multiplied by a random spin multiplier.

The multipliers are x2, x3, x5, and x10.

### WILDFIRE WHEELS
