Spin to Win Deluxe

Introduction

Spin to Win Deluxe is a simple game of luck. The wheel is divided into 37 equal sections (including numbers from 0 to 36)

The wheel always visible no matter the round is stared or not.

The spin wheel contains numbers from 0 to 36 colored Red, Black and Green.

Except the numbers the wheel has another 2 circles. One of them is divided into the following sectors: A, B, C, D, E and F. The other one has Suits such as Clubs♣ Diamonds♦ Hearts♥ and Spades♠.

The logo of the game is displayed left from the wheel.

The whole information is displayed on the right side of the wheel.

The information section has a pagination function. There are 3 pages each of them are visible 10 seconds.

The countdown bar is above of the wheel.

The Spin to Win Deluxe gives an opportunity to the players to make both single and multiple bets.

On the screenshot below is displayed Round ID and Paytable, where the players can see the odds for each selection.

The selections are as following: Suits, Joker, Sector, Dozen, Color, Even/Odd, Under/Over and Number

On the screenshot below is displayed Last 5 Results of the numbers and Last 120 Results of the spins such as: Colors, Sectors, Dozens, Even/Odd, Under/Over and Suits/Joker.

On the screenshot below is displayed the Multiple table, where the players can see the odds of each multiplied bets.

Functional Requirements

The round consists of 3 segments:

1. Countdown – new round starts every 3 minutes
2. Spin – rotation of the wheel is about 20 seconds
3. Results – each table shows the results 10 for seconds via pagination
