

The logo for 'Wild Crusade Empire Treasures' is centered on a vibrant, stylized landscape. The background features a mix of warm orange and red rock formations on the left and right, and a cooler blue and purple sky with a distant, ethereal castle. A golden sword is positioned behind the word 'Wild', which is written in a red, gothic-style font. Below 'Wild' is the word 'Crusade' in a large, golden, serif font with a 3D effect. A red ribbon is wrapped around the bottom of the 'C' in 'Crusade'. Below the main title, the words 'EMPIRE TREASURES™' are written in a smaller, golden, blocky font.

Business Summary

Join a crusade for unbelievable treasures in this 40-line slot. Draw your sword to trigger the Wild Crusade™ Respins feature; your blade is wild and will shift across the reels, growing in size and multiplying wins. Trigger the Empire Treasures™ Jackpot feature to win 1 of 4 guaranteed progressive jackpots on any spin!

This game supports Free Spins Bonus (FSB).

For information on supported mobile devices, see [GPAS Integration Options](#) document.

Business Case

- During respins, the Special Wild symbol moves 1 reel to the left and the multiplier value increases by 1. If the Special Wild forms a win, the payout is multiplied by the value shown, which creates the potential for big wins.
- On the 2nd, 3rd and 4th respin, the Special Wild symbol expands by 1 position; by the 4th respin it can completely fill a reel.
- 1 or more Special Wild symbol landing anywhere on reels 2 to 5 during respins retriggers the feature, which provides the player with an exciting feature to chase.
- 1 of 4 multi-level progressive jackpots can be won on any spin in the Empire Treasures™ Jackpot feature.

Symbol Details

WILD SYMBOL

The symbol showing the word 'WILD' is the **WILD** symbol in the game.

The **WILD** symbol substitutes for all other symbols, except for the **SPECIAL WILD** symbol, to form the best possible winning combination.

WILD symbols can appear on all reels.

SPECIAL WILD SYMBOL

The **SPECIAL WILD** symbol in the game is the sword symbol.

SPECIAL WILD symbols appear only on reels 2 to 5.

One of the following multipliers can appear on each **SPECIAL WILD** symbol: x1, x2, x3, x4 or x5.

When 1 or more **SPECIAL WILD** symbol appears anywhere on reels 2 to 5 during the main game, it triggers the **Wild Crusade™ Respins** feature.

Game Features

Wild Crusade™ Respins

When 1 or more **SPECIAL WILD** symbol appears anywhere on reels 2 to 5, it triggers the **Wild Crusade™ Respins** feature.

Any **SPECIAL WILD** symbol moves 1 position to the left for each respin.

Each time the **SPECIAL WILD** symbol moves 1 reel to the left, the multiplier value on that **SPECIAL WILD** increases by +1. From the second move onwards, the symbol also increases in height by 1 symbol position.

If 1 or more **SPECIAL WILD** symbol lands anywhere on reels 2 to 5, respins are retriggered.

Wild Crusade™ Respins ends when the rightmost **SPECIAL WILD** symbol reaches reel 1.

Empire Treasures™ Jackpot

The **Empire Treasures™ Jackpot** is a multi-level progressive jackpot feature. It is accumulated from all players' bets in all games which feature the **Empire Treasures™ Jackpot**, among all online casinos that offer these games.

There are 4 jackpots that can be won: **Mini**, **Minor**, **Major** and **Grand**.

The different jackpots hold different prize amounts.

The Jackpot for this game works like this:

Seed (how much money the jackpot starts out with):	Mini €100 Minor €1,000 Major €10,000 Grand €200,000
Win condition (the result you have to get to win the jackpot):	The jackpot is triggered randomly on any spin in a slot game featuring the Empire Treasures™ Jackpot .
Win requirements (what you need to do to be eligible for the jackpot):	Play a slot game with the Empire Treasures™ Jackpot .

The result the player has to get to win the Jackpot:

- Jackpot game is triggered randomly on any spin in any of the linked games.
- Entering the Jackpot game guarantees a win of one of the four jackpots.

The **Empire Treasures™ Jackpot** game has a reaction timer (30 seconds). Random symbols will be picked automatically if the player does not select symbols within the time limit. Jackpot winnings are added to the main game winnings (if any) and displayed in the win pop-up together with any other winnings.

Please note:

The seed and Jackpot values are in EUR in the progressive network and their value in your local currency is dependent on the currency exchange rate specified by the casino.

The mechanics of the **Empire Treasures™ Jackpot** prohibit simultaneous jackpot winnings.

Imperfections in the Internet connectivity may cause you to experience delays in Jackpot messages or updates, but they do not affect actual Jackpot wins.

If a Jackpot is being discontinued (a game is closed and removed from the casino), you will be notified of it by the casino.
