Slingshot Studios and Microgaming are proud to present a thrilling return to the world of Westeros, in the brand new licensed online slot, **Game of Thrones™ Power Stacks™**.

Game of Thrones™ Power Stacks™ puts players right in the centre of the battle for the Iron Throne, with fan favourites Jon Snow, Daenerys Targaryen, Sansa Stark, The Night King, and Tormund Giantsbane making up the high symbols.

This 5x4 reel, 40 lines game is built on a high volatility engine and introduces Power Stacks™, a brand new thrilling anticipation feature in both Base Game and Free Spins. On every spin, the Power Stacks™ indicator mechanism flips to reveal a different symbol that could land super stacked for that spin!

3 Scatters landed triggers 15 Free Spins, and players are transported to the foot of the Iron Throne, to the sound of the iconic theme from the iconic HBO series. Free Spins mode is filled with potential, with all wins doubled, and Wild symbols stacked on every reel.

Game of Thrones™ Power Stacks™ also features the Link&Win™ Bonus feature, triggered when 6 or more coin symbols land and lock in place, leaving all other symbol positions to spin out independently for 3 free Respins! Respins can be re-triggered by any additional landed coin, and all coin symbol values pay out at the end of the feature. Land a full screen of coin symbols to trigger the Valyrian prize, which awards 2500x your total bet in the Base Game, or 5000x your total bet in Free Spins!

With a win up to value of 25000x, Game of Thrones™ Power Stacks™ is an exciting journey for slot players and fans of the series alike.

This association is a stamp of quality and power and a great link for brands.
- The license extension includes talent for the first time, which adds additional trust.
- To create a game that is a celebration of the show, its locations and characters, without focusing on any one story thread in particular.
