"Cyber Punk 5K" is the newest LEAP game. The game is focused on a dystopian world, in which the characters are a Cyborg heroes group fighting for energy freedom from the Consortium - the institution owing for centuries the only energy source in their universe - dorillium.

The heroes of the game are constantly looking for an alternative form of energy, said to be found in Andoria, where the knowledge on this alternative energy will be found in the Golden Library's secrets.

## C-PUNK 5K KEY FEATURES

**WILD FUSION** - LEAP's branded element - falling everywhere on the reels, except first and last reel, Wilds can be stacked in stack of x2, x3, x4 and x5. Whenever the Wilds will appear stacked on the reel, the fusion of the same Wilds will take place, the new fused symbol will fall at the bottom of the reel and a re-spin will be granted, thus creating the Wild Fusion branded element. Potentially Wild fusions may produce infinite re-spins, awarded until the game's maximum win of 5000X the player's stake is reached.

**DRONE BONUS** - The drone randomly appears on the reels and creates a win from a non-winning outcome, including Free Spins symbols or even Wild symbols. The drone may trigger a Wild Fusion by swapping a non-wild symbol into a Wild symbol and creating a stack of Wilds. The feature can take place during Free Spins.

**FREE SPINS** symbol - Can appear on reels 2, 3, 4 and 5, and when will appear on all 4 reels it will trigger the "wheel of fortune" mini-game, whose two concentric rings will turn to award several free spins (5, 7, 10, 12, 15 or 20) and/or a bonus feature from the following: remove x2 low value reel symbols from the reels, remove x4 low value reel symbols from the reels, add x2 roaming wild symbols, add x4 floating wild symbols.
