

Wild Joker Stacks is a player's game with a clean mechanic for winning big. Wins are paid with Connecta Ways. Any symbols that are touching left to right count as a win towards Connecta Ways. Any wild in a win multiplies the win. Stacked wilds mean wins are clumped together and bigger wins are possible when more wilds land together. The play can increase the effect of wilds by making Wild Joker Bets to get bigger wild multipliers or Joker Row Bets by increasing the rows on the game. Wild Joker Stacks is a classic theme that marries well with the gameplay making the game a comfortable player experience. The player is now free to concentrate on choosing the reel layout they want along with the size of the multiplier whilst enjoying a relaxing aesthetic that is easy on the eye.

When any new Hammer symbols appear, they are held, and respins are reset to 3. Each time a reel is filled with 4 Hammer symbols, a new reel is added to the right and spun.
