MARBLE CUP

Marble Cup is a high-speed marble race built for the World Cup 2026 — a gravity-driven football showdown where you bet on Home, Away, or Draw and watch the marbles battle for the goal.

Choose your side, feel the suspense, and push your winnings further with side bets on total goals — from a tight 2–3 goal thriller to a 4–6 goal shootout. Fast. Tense. Built to keep players in the action.
