

## WILD LOVE

Are you ready to spin the wheels to find Wild Love this February?

Just in time for Valentine's Day, we're eager to help you on your quest for true love. We've got a sparkling love cocktail that will help lead you to the love you desire – will it be one of true love, one of self-love, or an ultimate combination of them all?

Wild Love is a 5-reel, 3-row classic slot game with 10 fixed paylines, where all prizes are for combinations of a kind. Matching symbols, except Scatter symbols, should be on paylines and adjacent reels, starting from the leftmost. Scatter symbols count at any position on the reels. For the numbers of Scatter symbols and combinations on each payline only the highest win is paid.

Scatter wins and line wins are added. All the prizes in the paytable are shown for the currently selected bet and are displayed in money or credits, depending on the currently selected mode. Wild substitutes for all symbols, except Scatter, and expands over all positions on the reel (expanding is only triggered if a win can be gained). Red Heart Wild appears on reel 3 only and doubles the win when substituting. Blue Heart Wild appears on reels 2, 3 and 4.

You can double your winnings up to 10 times during the risk game.
