GAME OVERVIEW: WILD WEST GOLD™

Game Description (for Players)

Ride to riches in Wild West Gold, the 4x5, 40 lines videoslot. All Wilds multiply up to 5x for huge wins. Go for fortune in the Free Spins round with Sticky Wilds, where you can retrigger an unlimited amount of times!

Game Information (for Operators)

Wild West Gold is a high volatility, Pragmatic Play style, gambling focused game. It is designed for a general audience that should appeal to the mass market.

On the surface, it looks like an updated form of the feature used in “The Dog House” with a higher perceived volatility. In fact, the game has a new profile with a more rewarding gameplay and different ways to enjoy it than the original. It is geared towards a more streamlined experience, with slightly less chances to see extremely high wins in the Free Spins, but a better average win.

Two of the original’s low points have been improved in Wild West – the ability to buy Free Spins (in available jurisdictions) takes out the grinding for hitting them and now, during the round, the feature can be retriggered without blocking actual wins – Overlay Scatter symbols can hit along with normal paying symbols. The hit rate of retrigger is high, and the event is rewarding in itself.

This makes the game good for any type of operation – from pure casino, to alternatives like Lotto, Bingo, sportsbooks. It has the potential to appeal to any type of player. The simplicity of the feature makes it a very good game to teach non-slot players to play slots and cross-promote with other forms of gaming. It is also a trustworthy experience, with no complicated rules or strings attached, again helping with the mass market appeal.

Due to the nature of the Free Spins round and the presence of many multipliers, the most engaging way to promote it is making it part of tournaments using the Enhance™ tool, as the game can create competition between players. It is appropriate for all types of campaigns, including retention, acquisition and re-activation.
