

Red Tiger presents: Dracula Awakening

Experience the legend that is Dracula in all its glory - the mysticism, the glamour, the tiny twinge of terror. By Day and by Night, Dracula will awaken your senses and draw you into the world of blood-thirsty immortals. The Night phase has a duration of 8 spins. Dracula Wilds may land during the Night phase. During the Night, Dracula Wilds transform into a Super Dracula Mega Wild. Super Dracula turns all Lady symbols that land on the reels into Wilds. If Super Dracula would not participate in any wins, the Dracula Wild will not transform. Step beneath the Eclipse and enter the darkness of Dracula's lair. Commence your awakening!

About Red Tiger Jackpots

Like all Red Tiger slots, Dracula Awakening may be taken with or without Red Tiger jackpots. If a jackpot version of the base game is taken, it must be paired with a jackpot contribution to get the final overall RTP of the game. For example pairing the with-jackpot base game certified at 94.72% RTP and adding a 1% jackpot contribution gives an overall RTP of 95.72%. The RTP of the jackpot contribution itself is 100%.
