Clan Battle Bonus Rules

- In the Base Game, the Player collects golden paws to unlock the random Clan Battle Bonus feature. The golden paws are randomly attached to cat symbols (excluding, other symbols, Wild and Free Spins symbols).
- The golden paws can only appear on non-winning rounds and cannot appear if there is a Free Spins symbol on the first reel.
- The collection for the Clan Battle Bonus feature is random and is not based on the amount of golden paws collected.
- With each golden paw collected, the paw will fly to the treasure chest indicating the collection.
- The triggering of the Clan Battle Bonus feature is random and is not linked to the collected number of golden paws.
- Before the Clan Battle Bonus feature starts, a random prize is drawn for each clan (10 - 10 000 x bet). This draw is visualized with "wheels" for each clan starting from left to right on the display.
- The value for each clan changes with each trigger of the Clan Battle Bonus Feature, and the clans are not ranked in value.
- In the Clan Battle Bonus feature, you have 5 free spins to collect the respective high paying symbol of each clan.
- After 5 free spins have been completed, the prize of the clan with the highest amount of collected symbols will be awarded.
- If at the end of 5 free spins, two clans (symbols) are tied so the same amount of each symbol has landed during the 5 free spins, an extra free spin is awarded until a winner is determined.
- The free spins are free to the player.

BUSINESS REASONING

Cat Clans™ is an animation treat taking simple but action-packed gameplay to a fun and comical setting with the introduction of Snowborn Games newest members, the four cat clans! The Highland setting is a perfect stage for the clans to battle for prizes in the many features the game has to offer. The game targets delivering rock solid gameplay with high quality production values, taking well-known game features but presenting them in innovative new ways.

Cat Clans™ is Snowborn Games biggest and boldest undertaking to date on it's path to deliver top-notch quality. The core of the game takes a classic and enjoyed mechanic of multiplier wilds and takes it to another level in the Cat-A-Pult Free Spins where the player will quickly catch on to the win potential of combining wilds with each other. The Clan Battle Bonus triggered by the paw collection feature is a rewarding experience in it's jack-pot-style gameplay presented through a novel mechanic. The game targets a wide player appeal providing volatile free spins for the action fanatics but maintaining a very solid hit rate and hold in the base game to make the game a lasting experience for the casual players as well.

ART DIRECTION

With Cat Clans we wanted to create a bright, comical and approachable theme with clear casual game inspiration combined with classical casino elements.

The main stars of the game are the cartoony cats representing 4 different Scottish clans who fight for glory and wealth in the Clan Battle bonus feature.

When designing the cats we aimed for fun and likeable characters with a retro cartoony vibe - but also a certain amount of recognition with influences from movies and typical game character archetypes.

SOUND DIRECTION

The sound direction for Cat Clans™ is much inspired by casual gaming and features a melodic, fantasy influenced soundtrack combined with lifted sound effects complimenting the game theme with the use of lively and distinct sounds. Extra focus has been put on creating a complete experience to bring the game to life fitting both it's characters as well as the whole soundscape.
