

3 Piggy Brothers: Hold and Win sends the famous trio on their boldest job yet. Forget straw, sticks and bricks, these brothers have their eyes on a vault packed with gold. No huffing, no puffing, just one seriously big score.

Played on a 5x3 grid with 243 ways, this high-volatility slot combines Hold and Win respins with three piggy powers: Cash, Double and Collect. Trigger them separately or combine the crew for an even bigger operation, with wins of up to 5,000x the bet.
