ROGUE RATS OF NITROPOLIS

CollectR™

BONUS GAME

Collect 2 bonus symbols to trigger the free spins bonus game.

A bonus trigger with at least one super bonus symbol triggers the super bonus game with a Nitro fuel boost in every free spin.

RULE THE WASTELAND

The wasteland surrounding Nitropolis is home to the Rogue Rats. Leading up to the final battle, these rodents are scouring the deserts for Nitro, and weakening the Nitropolis Police Department by blowing up any vehicle or HQ that gets caught on their radar.

Rogue Rats of Nitropolis is an infinite grid slot with the CollectR mechanic. It comes with symbol upgrades, a progressive multiplier, instant coin wins, a Max Win coin, a bonus game, and a super bonus game – all packed into a potential of 25,000x bet.

CollectR™

INFINITE GAME GRID

The rat moves around on an infinite game grid collecting payout symbols that match the color of the vehicle, and any of the feature symbols that appear within the rat's visible area.

NITRO FUEL

The rat gains fuel by collecting payout symbols and shooting at feature symbols, which is needed for the rat to move. Filling the entire gauge gives an additional fuel boost.

X-iter™

X-iter™ allows players to jump straight into the action with 5 different game modes ranging from a 3x bet with more than four times the chance to trigger the bonus to a 500x bet Super Bonus game with guaranteed Nitro Fuel Boost in each spin.

FEATURE SYMBOLS

NEW VEHICLE
Change color to collect.

NITRO BLOB
Symbol upgrade

MISSILE SILO
Expand the rat's visible area.

COINS
Instant coin wins

NPD RADAR
Increase the global multiplier.

Recommended size and ratio for desktop browsers

For the optimal gaming experience, ELK Studios recommend launching the game in 1600x900 resolution. If scaling is required, use 16:9 ratio.

Technology

ELK games uses state of the art web technologies including support for canvas and WebGL. The client detects the capabilities of the device regardless if the player is running on a desktop, tablet or mobile.

The game client will then optimize the gaming experience based on those parameters.

ELK Studios

We build great casino games

Since founded in 2013, ELK Studios has pushed boundaries in the online casino industry. From groundbreaking mathematics to astonishing artwork, ELK takes pride in developing entertaining mobile first content that maximizes the experience for players around the world.

Our games are developed and compiled by our inhouse studio in Sweden, and we use well known test centers such as Trisigma and Gaming Laboratories International to certify them. Once released, all games are operated by partners and operators who hold license in each market.
