JACKPOT

Win up to 5000x!

The biggest payday in Break Da Bank Again Video Bingo comes from the Jackpot!

It's a 5000x fixed prize multiplier based on the bet per ticket value, and it's awarded to players who hit BINGO in the Initial Draw stage when all four tickets are enabled.

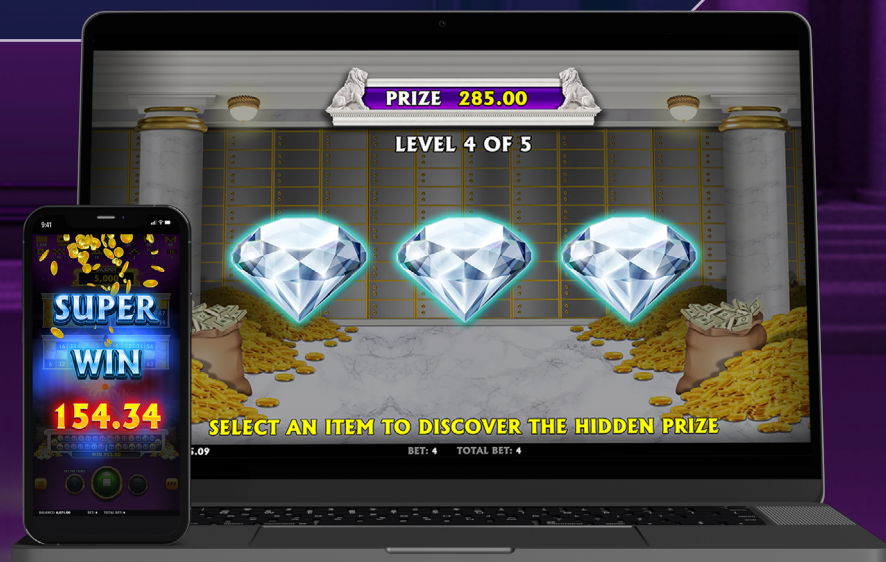

No complicated rules here, just play the game for a chance to make a hefty 5000x withdrawal at the start of every round. Ker-Ching!

BIG VAULT BONUS

Win up to 1850x!

The Big Vault Bonus is a 5-level picker game that awards instant cash prizes!

Players have different items to select on each level of the bonus, starting with Golden Coins on level 1, then on to Bills, Golden Ingots, Diamonds, and finally Vaults.
