## Game features

### DIAMOND RESPINS

The Diamond Respins feature is triggered when 6 or more Diamond symbols appear on the reels. The feature launches after all the win combinations are paid.

Normal reels are replaced by special reels that contain only Diamond symbols.

The Diamond Respins feature takes off with 3 Respins. All Diamond symbols that reveal prizes remain on the screen till all Respins are played.

Prizes show up as a random value from a predefined set, or can display Mini, Minor, or Major Jackpots.

Every time a Diamond symbol reveals a prize, the number of Respins is reset to 3. Every time an additional Diamond symbol lands on the reels, all prizes shown on Diamond symbols are collected.

The Grand Jackpot is awarded when all 15 positions on the reels are filled with winning symbols.

The Diamond Respins feature ends when either no Respins remain, or the Grand Jackpot is won.

The Diamond Respins feature is also available during Free Spins.

### FREE SPINS

Landing 3 Scatters on reels 1, 3, and 5, triggers 9 Free Spins. During Free Spins, the reel set is void of low-paying symbols.

When 3 Scatter symbols hit the reels, 3 additional Free Spins are awarded. There is no limit to the number of Retriggers.

### WILDS

Wilds substitute for all symbols except Scatters and Diamond symbols.

### SCATTERS

Scatters appear on reels 2, 3, and 5 only. Three Scatters in the base game trigger 9 Free Spins.

Three Scatters pay 3x the total bet.
