

GAME OVERVIEW

REEL BANKS™

Game Description

What riches are hidden away in the safe? Find out in Reel Banks™.

Played across a 5×4 layout, the slot takes players into the heart of a bank with symbols depicting money, gold and lucky sevens, which must form matching combinations across the title's 25 paylines to award a win.

Players are assisted in unlocking these wins with wilds that substitute all other symbols in game, except for scatters. Additionally, collect symbols are there to gather instant cash prizes on the reels.

Free spins are awarded when there is at least one bonus coin present on each reel. Here, the collect mechanic is removed and updated with new in-game modifiers that can increase coin values, award extra spins, multiply wins, and collect all bank values, providing players with huge win potential.
