#### About Red Tiger Jackpots

Like all Red Tiger slots, Athens Megaways™ may be taken with or without Red Tiger jackpots. If a jackpot version of the base game is taken, it must be paired with a jackpot contribution to get the final overall RTP of the game. For example pairing the with-jackpot base game certified at 94.67% RTP and adding a 1% jackpot contribution gives an overall RTP of 95.67%. The RTP of the jackpot contribution itself is 100%.

### FREE SPINS

If 3 Greek temple scatters land on the reels, you will receive 8 Free Spins. Before you enter the Bonus Round, however, you can choose from 3 temples.

Once you pick your temple, the main theme for Free Spins round will be unveiled: **Soul Pit**, **Sea Fury** or **Olympus Blessing**. During the Bonus Round, the feature hidden by your chosen temple's stoic columns may randomly enhance your Free Spins prizes at an increased rate.

The features, however, are more celestial for Free Spins than the main game as they will bring you Multipliers, starting at 1x.

The Multiplier rate will rise at every win to a maximum of 20x. The Multiplier will not reset so long Free Spins are active. Free Spins scatters may land during the Bonus Round, too, adding 1 to Free Spins counter.
