TOTEM LINK

The Totem is a powerful symbol and can be found among many ancient and indigenous groups throughout the world.

Totems may represent spirit beings or animals that offer protection. They can be used to signal the Heraldic lineage and tradition of a group or may convey a story important to the groups' history, marking significant victories or events (in which case they are generally read from the bottom up).

Many commemorate important people and family members, and in some cases they are even used to ridicule people or to serve as a reminder for a debt owed.

One notable example of this is the Shame Pole in Tongass village which depicts the 19th century US Secretary of State William H Seward as a reminder of his failure to honour a debt to the Tongass people.

In Totem Link we pay tribute to the Native American Totem tradition.

The game offers stacked wild totems on multiple reels, free spins and a coin link feature.
