Victorian England had its fair share of Villains and Spring-heeled Jack was among the most notorious.

More mischievous than malicious, a cloaked Spring-Heeled Jack would knock on doors, often disguised as a policeman who needed help. He would then expose his face and flash his demonic red eyes, petrifying the poor occupants before leaping away over the rooftops. His maniacal laugh echoing through the Victorian fog, leaving only cloven-hoofed tracks in his wake.

According to a report in The Times one unfortunate victim was said to have instantly and irrevocably lost her mind.

Spring-Heeled Jack is an evocative, high paced and volatile game featuring mystery symbols, Leaping Jack multipliers, free spins, bonus buy and a random feature. Max win is 15587x.
