The Sticky Sevens Megaways™ game has a configurable features choice: **Buy In and Ante Bet features.**

Please contact your Account Manager for assistance in configuring game features.

Business Case

- Up to 117,649 ways to win
- Win up to 10,000x Total Bet
- Pick from 2 Free Spins features
- Wild Multipliers x1, x2 & x3
- Configurable features choice

Symbol Details

Wild Symbol

The Wild symbols  ,  ,  multiply the win they participate in by x1, x2, x3 accordingly appearing randomly on the reels. If the win combination contains more than one Wild symbol, it is multiplied by all values.

The Wild symbols  ,  ,  appear on reels 2, 3, 4 and 5 during the main game and Free Spins.

They substitute for all symbols except for the Bonus symbol.

During the Free Spins features, Wilds act differently depending on the chosen feature:

- Sticky Wilds when Wilds stay on reels till feature ends.
- Random Wilds when Wilds may appear every spin anywhere on the reels.

Bonus Symbol

The Bonus symbol  appears on all reels during the main game and Free Spins.

3 or more Bonus symbols  anywhere on the reels trigger Free Spins during main game only.

The number of Bonus symbols determines the number of spins presented on the Prize Wheel. The more Bonus symbols land, the greater number of spins is.

Game Features

Free Spins with Wild Multipliers

Free Spins features are triggered by 3 or more Bonus symbols landing anywhere on the reels.

The player may choose from 2 Free Spins features: Sticky Wilds or Random Wilds.

Free Spins cannot be retriggered.

Prize Wheel

Before the chosen feature starts, a Prize Wheel randomly awards a number of free spins or levels up to a new wheel with different prizes.

The more Bonus symbols land, the higher level and the bigger number of free spins will be on the Prize Wheels.

The progress bar indicates the level of the Prize Wheel.

6 Bonus symbols award the highest level of the Prize Wheel. In that case Free Spins start without the spin of the Prize Wheel.

Free Spins: Sticky Wilds

All Wilds that land on the reels during Free Spins will stick until the feature is over.

Sticky Wilds may change the size each spin depending on the next spin reel size.

Two Sticky Wilds are guaranteed on reels 2 or 3 during the first 3 spins.

When the player chooses Sticky Wilds, the Prize Wheel they are awarded relates to the number of Bonus symbols that trigger the feature:

 17, 12, 15 free spins or level up;

 12, 15, 20 free spins or level up;

 15 or 20 free spins;

 20 free spins.

Free Spins: Random Wilds

Wilds will randomly appear on the reels during the Free Spins feature.

Up to 6 Random Wilds may appear anywhere on the reels per spin.

When the player chooses Random Wilds, the Prize Wheel they are awarded relates to the number of Bonus symbols that trigger the feature:

 15, 18, 25 free spins or level up;

 18, 25, 30 free spins or level up;

 25 or 30 free spins;

 30 free spins.

Buy In Feature

Buy In feature is an option for the player to buy the Free Spins trigger. It starts Free Spins feature immediately for the cost of 100x bet.

To buy Free Spins the player needs to press the "BUY IN FEATURE" button and make a single payment that guarantees Free Spins trigger.

The player can also choose the bet and see the cost of Free Spins trigger, then press the "Buy" button to pay and spin the reels for the guaranteed Free Spins.

After purchasing the feature, all wins will be calculated the same as during regular spins.

The Buy In feature can be activated only between spins and during the main game.

The Buy In feature and the Ante Bet feature cannot be activated simultaneously.

Ante Bet Feature

The Ante Bet feature doubles the chances of Free Spins for an additional cost.

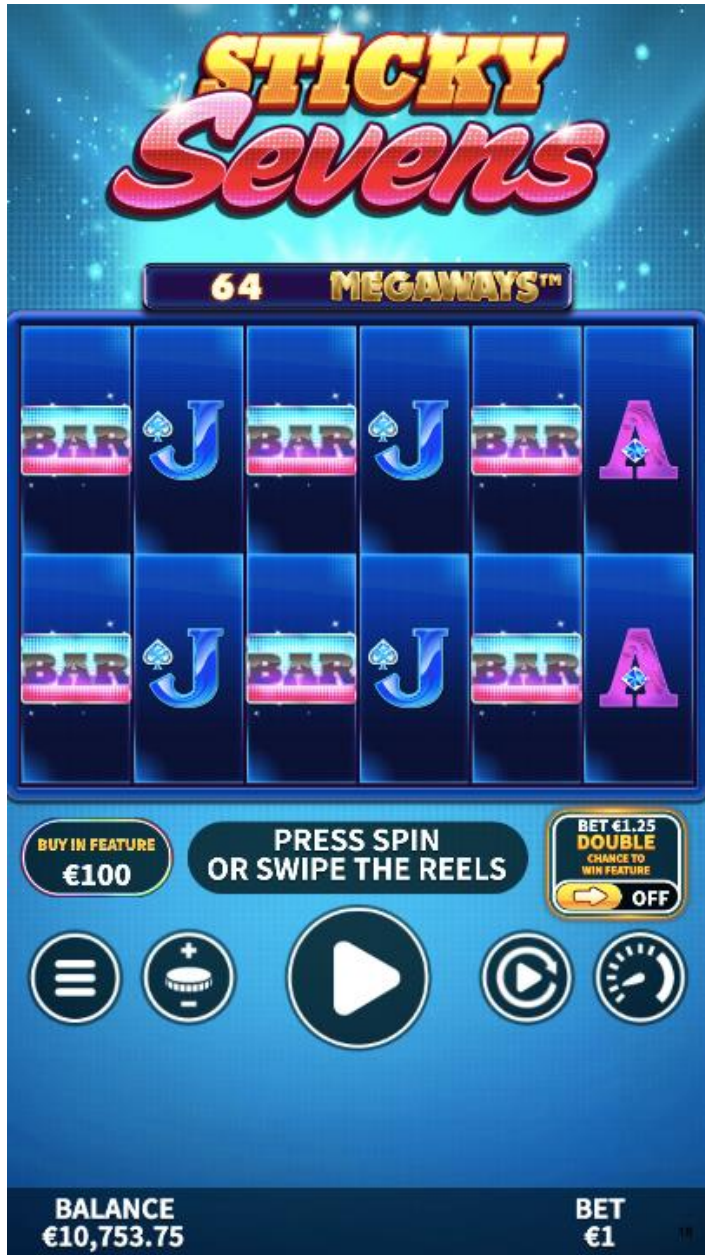

Ante Bet price for the next spin is displayed on the screen. It is a total of the player's current bet and 5 additional coins. For example, the bet is 20 coins – Ante Bet is 25 coins.

The player can activate the Ante Bet feature only in the main game. The Ante Bet cannot be turned on/off during spins.

The feature is turned off as a default.

The Buy In feature and the Ante Bet feature cannot be activated simultaneously.

Megaways™

The Megaways™ feature provides up to 117,649 ways to win.

The overall number of possible ways to win for a spin is calculated by multiplying together the number of landing symbols on each reel. Only the highest win pays on each way.

If there are symbols occupying several positions, the number of ways to win for this spin will be fewer than in the case when each landing symbol occupies just one position.

Ways wins pay in any position from left to right on adjacent reels, beginning with the leftmost reel. When the special symbol is expanding during free spins ways to win also pay on non-adjacent reels.

Casino's Exposure

The casino's maximum exposure from a single game round is limited by the win capping mechanism. The win capping defines that the total win from a single game round cannot exceed 500,000 Euro. Should the total win from a game round exceed this number, the total win will be capped.

Top Win information per bet got during simulation of 1,000,000,000 bets:

Regular Mode	
Highest win	10,000 x Bet
10th highest win	10,000 x Bet
100th highest win	5,422 x Bet

* Ante Bet and Buy In features are turned off.

Ante Bet Feature	
Highest win	8,000 x Bet
10th highest win	8,000 x Bet
100th highest win	8,000 x Bet

It is highly inadvisable to exceed the pre-set win capping values and game limits.

Default Coin Bet Values at Upload

Skywind will upload the game with the below default Coin Bet values (the coin marked in **bold** is the default selected coin bet for all players as they enter the game for the very first time):

Please contact the Skywind support team if you want to make changes in the Coin values.

Game limits of all new games must ALWAYS be reviewed by the casino operator prior to the game's release to players. Failure to set the required maximum limit may result in the casino's exposure to large player wins.

As always, licensees are welcome to contact their Account Manager for further assistance in understanding and configuring game limits and updates of coin values.
