EL DORADO JACKPOTS

Win up to 5000x!

El Dorado Jackpots feature is active if all 4 tickets are enabled to play.

All balls may have golden coins hidden inside them. Golden coins will be collected in the Jackpot panel on top. The total number of coins collected by the end of the round will indicate which Jackpot prize has been won. There are 4 jackpots to win!

GOLDEN PYRAMID BONUS

Win up to 2075x!

The bonus is a 6-level game, with 3 options to select per level. The goal is to collect as many prizes as possible until a Collect sign is found, or the top level is reached.

But that's not all! An additional mystery prize may also appear randomly at the end of the bonus, increasing the total winnings!
