GAMOMAT

SEVENS FIRE

Sevens Fire

Sevens Fire combines classic fruit slot gameplay with a fiery hold-and-respin feature. Collect all the fire orbs to unleash the inferno.

FIRE RESPINS

5 or more bonus symbols trigger 3 Fire Respins. During respins, all visible Fire Orbs are sticky.

The Fire Orbs that trigger respins stay in place. All other positions become individual reels. -> Individual reels only contain Fire Orbs or empty spaces.

During the Fire Respins, when one or more Fire Orbs stop, the number of remaining respins is reset to 3. At the end of respins, the values of all visible Fire Orbs are added up.

WILD

"Diamond" is Wild and substitutes for all symbols except bonus symbols. Wild appears on reel 2-5 only.

TOP SYMBOL

"Seven" is Top Symbol. Highest paying symbol in Sevens Fire!
