About Red Tiger Jackpots

Like all Red Tiger slots, Last Chance Saloon may be taken with or without Red Tiger jackpots. If a jackpot version of the base game is taken, it must be paired with a jackpot contribution to get the final overall RTP of the game. For example pairing the with-jackpot base game certified at 94.72% RTP and adding a 1% jackpot contribution gives an overall RTP of 95.72%. The RTP of the jackpot contribution itself is 100%.

FEATURES IN THE GAME

COIN FEATURE

COINS are WILD symbols that substitute for all paying symbols and appear only on the middle reel. All COINS have a multiplier value on their backside. A COIN will flip if it participates in a win line. If it lands with the multiplier value face up then all win lines that pass through the COIN will have that multiplier applied to them. Multiple COINS can appear on a single spin. The maximum multiplier that can be gained from the COIN feature is x50.

FEATURES IN THE GAME

BULLET SPINS

Three symbols on reels 1, 3 & 5 triggers six to eight BULLET SPINS. At least one COIN on the middle reel on each spin is guaranteed during BULLET SPINS. During the bonus rounds when a COIN awards with a multiplier, it will instead be added to a growing global multiplier that applies to all formed win lines. The global multiplier will reset when BULLET SPINS ends. Scatters do not appear in BULLET SPINS and thus no bonus spins will be awarded during the bonus round.
