

Beware of the five, beastly—or perhaps not so beastly—angry dogs. Thread carefully as you walk through dark, city alleyways teeming with glowing razor-sharp teeth till you reach your ultimate destination, the Mystery Doghouse.

Angry Dogs is a 5x4-reel slot game with 25 paylines and a variety of symbols on the reels that can be changed by increasing or decreasing your bet. The Bulldog is your go-to symbol as it is the WILD, which substitutes for all symbols except for Scatter symbols and Golden Bulldog symbols.

The MYSTERY DOGHOUSE is an in-game feature that you will come across most often during the game. It consists of a stack of four symbols that can land anywhere on the reels. When the Mystery Doghouse lands, it can trigger the REVEAL FEATURE or the GOLDEN REVEAL FEATURE with a BET MULTIPLIERS PAW with values up to x2500.

Landing three or more SCATTER symbols in the base game triggers unlimited Free Spins in the BEWARE OF THE DOGS FREE SPINS FEATURE. Once you enter the Bonus Game, you will be able to choose from among three posters that each come with a starting total multiplier value of up to x10. At every spin, the total multiplier is increased.

If things are getting too fierce in the dark alleyways, you can use the Buy Bonus Feature to skip right into the Beware of the Dogs Bonus Game.

Angry dogs are looming around every corner. Will you dare to make friends with these one-of-a-kind canines?
