## **Autobet / Autoplay Limits**

- Loss Limit - Allows you to control your combined losses by entering a numeric value that will stop the autobet function and trigger a popup message when the loss limit is reached. Calculated as follows:  
(Sum of bets) - (Sum of wins)  $\geq$  (Loss Limit amount).
- Single Win - Will stop the autobet function and a popup message will be displayed when a single win payout is  $\geq$  the 'Single Win' value entered.
- Win Limit - Allows you to control your combined wins by entering a numeric value that will stop the autobet function and trigger a popup message when the win limit is reached. Calculated as follows:  
(Sum of wins) - (Sum of bets)  $\geq$  (Win Limit amount).
- On a Win - The autobet will stop and a popup message will appear on any win within a single round. A free spins feature is considered as one round for this limit setting and the autobet will only stop after all the free spins are finished.
- Stop on a Feature - The autobet will stop and a popup message appear when the game reaches any feature round, including but not limited to: free spins round, bonus games and mini games, with exception to random wilds features.

When the limit's conditions are met, the autobet will stop and the relevant popup message will appear in the middle of the screen.
