

Teller of Tales™

- ✦ 4096 Ways To Win
- ✦ 5 Chapter Free Game Feature
- ✦ Buy In Feature
- ✦ Magical Multiplier Modifiers

STAY FOR A WHILE, AND LISTEN...

...to the Teller of Tales.

Enter the Teller's library and discover a spellbinding tale of magic and treasure, bound within a 4x6 slot.

When the Teller turns the page, it's a new chance to win, with magical multipliers of up to x5 applied to your current game.

When 3 or more leather-bound book Scatters land on your reels, it's time for Free Games – and a tale like no other. Each new Scatter turns the page on the story and when you reach Chapter 5, it's the end of the Teller's tale.

But only for now...

KEY SYMBOLS

WILD SYMBOL

The Wild Symbol in Teller of Tales appears on all reels.

It substitutes for all symbols except for the Scatter.

During a Bonus Respin, Wilds become sticky.

SCATTER SYMBOL

The Scatter symbol appears anywhere on the reels during the base game and Free Games feature.

3 or more Scatters anywhere on the reels trigger the 5 Chapter Free Games feature.

On hitting only two Scatters, the 5 Chapter Free Game feature will not be triggered. Instead, the Scatters will turn into Sticky Wilds. The player is awarded a Bonus Respin with the Wilds in place.

During the Free Games feature, the Scatter symbols progress through the 5 Chapter feature.

GAME FEATURES

The Teller's Magical Multiplier

During the base game and the 5 Chapter Free Game feature, the Teller of Tales may turn the page of his book.

When he does so, there is a chance that a random multiplier up to x5 will be awarded on the current game.

The Teller may also turn the page of his book without triggering this multiplier.

GAME FEATURES

Bonus Respin Feature

When only two Scatter symbols land on the reel, a Bonus Respin is awarded.

In this case, the Scatters will turn into Sticky Wilds. With the Wilds in place, the Respin is started.

No Modifiers or Scatters are available on a respin.

At the end of the Respin, the Wilds will spin off.

5 Chapter Free Game Feature

When three or more Scatters land on the reels, the 5 Chapter Free Game feature is awarded. Depending on the number of Scatters, the 5 Chapter Free Games feature will have different initial multipliers:

- 3 Scatters: x1
- 4 Scatters: x2
- 5 Scatters: x3
- 6 Scatters: x5

During the 5 Chapter Free Games feature, there is the chance the Teller can award a random Multiplier, which will grow the current multiplier.

During free games, Scatters will advance the feature. Each time a Scatter lands, the Teller of Tales will turn a page of the book he is holding. Once the Book reaches Chapter 5 (The End), the Teller will close his book and the Free Games feature will end.

GAME FEATURES

BUY IN FEATURE

The Buy In feature allows the player to trigger the 5 Chapter Free Games trigger directly.

Clicking on the BUY IN FEATURE button opens a feature menu, where the amount to purchase is displayed calculated on the bet amount.

The player can change the bet and see the cost of the Buy In feature altered immediately.

Press the BUY button to pay for the feature and trigger the 5 Chapter Free Games feature.

After purchasing, wins will be calculated in the same manner as during regular spins.

The Buy In feature can only be activated during the base game.

GAME FEATURES

DOUBLE CHANCE FEATURE

The Double Chance feature doubles the chances of triggering the Free Games feature for an additional cost.

The cost of the Double Chance feature is displayed, a total of 50% above the player's current bet. Eg. If the bet is 20 coins, Double Chance is 30 coins.

It is only available during the base game. Double Chance cannot be turned on/off during games.

The feature is turned off as a default.

DEFAULT COIN BET VALUES AT UPLOAD

Skywind will upload the game with the default Coin Bet values shown here (the coin marked in pink is the default selected coin bet for all players as they enter the game for the very first time).

Please contact the Skywind support team if you want to make changes in the Coin values.

Game limits of all new games must ALWAYS be reviewed by the casino operator prior to the game's release to players. Failure to set the required maximum limit may result in the casino's exposure to large player wins.

As always, licensees are welcome to contact their Partner Manager for further assistance in understanding and configuring game limits and updates of coin values.
