Game rules

Welcome to Casino Zeppelin Reloaded Video Slot with Free Spins, Multiplier and Sticky Wilds!

About the Game

Casino Zeppelin Reloaded is a Video Slot with 5 reels and 20 paylines oriented from the left to right. The game has eight regular symbols that win if three or more are lined up on a payline. Wild symbols substitute for all regular symbols and can trigger multipliers. There is a Free Spin symbol which has its own payout and does not have to be on a payline to award a prize.

Wilds

Each reel has its own wild. Any wild can land with an additional random x2,x3 or ,x5 multiplier. Any wilds appearing in a base spin that activates Free Spins will be transferred to the Free spin session and stay in that position on the reel during the entire Free Spin session.

Free Spins

Landing 2 Free Spin symbols awards 2x bet. Landing 3 Free Spin Symbols awards 2x bet and 10 Free Spins. Landing 4 Free Spin Symbols awards 2x bet and 15 Free Spins. Landing 5 Free Spin Symbols awards 2x bet and 20 Free Spins. The Free Spin mode is played with the same bet and lines that activated it. All wilds that appear during the Free Spin session will stay in their places during the entire Free Spin session. Each new wild that lands increases the multiplier by 1 on all other persistent wilds that are already on game area. If all five reels contain at least one Wild symbol, the free spin session is extended by five extra spins. Extra Free Spins can only be awarded once per free spin session.

How to Calculate Payline Wins

To calculate your total payline win, calculate all payline wins and add them together.

To calculate a single payline win, count the number of identical symbols lined up in sequence on the line starting from the left most reel.

If three or more identical symbols are lined up, find the win value in the dynamic Pay Table. There you can find the value for all symbols for 3 in a row, 4 in a row and 5 in a row. Only the highest winning combination per line is paid out.
