This Christmas slot is a real gift, and it has 6-reels 4-rows and 4096 fixed pay ways with the opportunity to win up to X93750!

The Wild symbol, which is a Christmas wreath substitutes for all symbols, except for the Bonus and appears on reels 2, 3, 4, 5 and 6. Matching symbols, except scattered symbols, should be on any position on adjacent reels, starting from the leftmost reel. Only the longest way through symbols of a kind is paid. Every symbol of a kind per reel creates a separate way. Wins on different pay ways are added. Bonus symbols also count on any position on the reels.

3 or more Bonus symbols will trigger Free Games with the wild multipliers feature. Up to 100 Free Games might be triggered by the Bonus symbols depending on the number that appears on the reels. Bonus symbols are scattered symbols. During the Free Games, the Wild symbols are endowed with an additional feature: they turn into multipliers X2, X3, or X5 which are applied when substituting in winning combinations and increase the win per combination. If winning combinations include several Wild multipliers, all of them are applied. You can increase the win per combination up to 3125 times! Free Games are played with the same bets and lines as the initial game and can be won again during the feature. The number of Bonus symbols appearing during the Free Game may result in a player winning up to 100 additional Free Games. In this case, 2 Bonus symbols will trigger 5 more Free Games, and 3 Bonus symbols will trigger 8 Free Games, and so on.

All prizes are for combinations of a kind. All prizes in the payable are shown for the currently selected bet in money or credits depending on the currently selected mode.

You can double your winnings up to 10 times during the Classic Risk game! The Bonus Pop feature is also available in this game.
