The background of the entire advertisement is a richly detailed illustration of a library or study. In the center, Leonardo da Vinci and the Mona Lisa are depicted. Leonardo, on the right, has a long white beard and is wearing a purple turban, with his hand to his chin in a thoughtful pose. The Mona Lisa is on the left, her iconic enigmatic smile. They are framed by a large, ornate wooden archway. The shelves on either side are filled with numerous books of various colors. In the foreground, there are large, textured golden and black brushstrokes that appear to be part of the game's theme.

## ABOUT DAVINCI MUSE

Welcome to the world and time of DaVinci! A gameplay full of features and treasures straight from the Renaissance! Play at your own pace, as your progress will last... centuries!

Example of desktop base game

Start this journey with our industry known **Beat Boxes**: colored frames slots that when on a winning line, they increase the line payouts by 2x. Color palette symbols add Beat Boxes wherever they land. When a full reel is filled with beat boxes, **that reel gets a Stacked Wild covering the whole reel for the next 3 spins**, not only making more symbols combinations possible, but also **activating that reel towards the Free Games Bonus initiation**. Once all 5 reels are activated, the Free Games Bonus will start with **10 Free Spins**.

**During the Free Games Bonus, one or more random stacked Wild or 2x Wild is placed on 1 full reel, for every spin!** Get ready for guaranteed wins! Besides the Free Games Bonus, DaVinci Muse also comes with a **Pick Bonus**. Whenever 3 to 5 Chest symbols appear, a Pick Bonus starts, letting players choose chests with even more guaranteed wins.

Delight your players back to the Renaissance in this classic theme packed with features, friendly visuals and animations, sound effects and an ambient harpsichord tune to make them feel illuminated!

FEATURES

**Beat Boxes**

A color palette symbol lights up the slot frame, creating a beat box. It will remain until it is part of a winning line, **granting a 2x payout on that line.** Whenever a whole reel is made up with beat boxes, it will activate towards the initiation of the Free Games bonus Round (top reel crystals).

(Left Picture) A line across a beat box pays 2x.

**Locked Stacked Wilds**

Once a reel is activated, a **Locked Stacked Wild is placed for the next 3 spins.**

The example on the left shows several active beat boxes, and a recently awarded Locked Stacked Wild.

**Pick Bonus**

3 to 5 Chest symbols activate the tiered Pick Bonus, with 4 to 6 Tiers (columns) respectively. Pick chests until you are moved to the next tier. Keep picking until you reach the last one, where, with a bit of luck, **you can multiply all winnings by 2x!**

### Free Games

After all crystals at the top of the reels are activated through the bet boxes, 10 Free Spins are awarded.

### Random Stacked Wilds/2x Wilds

During the Free Games Bonus, one or more Stacked Wild or Stacked 2x Wild will be placed on every spin. Combinations are very much likely to happen.
