# GAME DESCRIPTION

A trade wind blows across a tropical island like a warm voice welcoming you to paradise, but a storm is coming. Once every 100 years, nature converges with untold fury, and after the Volcano erupts, the Tidal Waves crash, and the Hurricane Winds blow everything away, those who remain are blessed with incredible riches. Watch the Lava build, as the odds for the Feature Wheel increase. When the Feature Wheel spins, nature answers and brings fortune with it. The Win-It-Again Volcano erupts to award a repeat of your highest win. The Wild Wave crashes onto the reels bringing 2 to 20 WILDs. The Hurricane Wind blows lesser value symbols off the screen, upgrading everything in its path. All three of these amazing features come together in the Increasing Win Free Spins. Free Spins where a minimum award is guaranteed on every spin and it's replaced by bigger and bigger wins. Only your boldest players can claim the treasures of WINFALL IN PARADISE.

# GAME FEATURES

## LAVA GROWING FEATURE WHEEL PROBABILITY

The Lava symbol is sometimes replaced by the Wheel symbol. The chances that the Wheel appears instead of Lava starts at 10%. The current probability is shown at the base of the Volcano. Every time the Lava symbol appears, this chance increases by 5%. Once the Wheel symbol appears in the game, the chance resets to 5%, 10%, or 15% after awarding The Feature Wheel.

# GAME FEATURES

THE BASE GAME FEATURE WHEEL AWARDS 1 OR 2 OF:

THE WIN IT AGAIN VOLCANO FEATURE

The Win-It-Again Volcano Feature Value starts at 20x bet and increases to match your highest win.

It is awarded by the Feature Wheel and resets when awarded. When awarded with other features,

the other features are evaluated first and the Volcano Feature Value may be increased before being awarded.

# GAME FEATURES

THE WIND SYMBOL UPGRADE FEATURE

When awarded, the game will pick a symbol from the list: QUEEN, KING, ACE, HOOK, WIND, WAVE, VOLCANO, GIRL, LOGO/WILD. All TENS and JACKs along with all symbols lower than the selected symbol and the WHEEL symbol will be replaced by the selected symbol.

For example, if HOOK were the selected symbol, then WHEEL, TENS, JACKs, QUEENs, KINGs, and ACEs would be changed to HOOKs. This feature also places two LOGO/WILDs somewhere on the first two reels.

# GAME FEATURES

## THE WILD WAVE SCATTERED WILD FEATURE

When awarded, 2 to 20 LOGO/WILDs are placed in the game area. Two of the LOGO/WILDs will appear on the first three reels on the same row.

# GAME FEATURES

## THE FREE SPINS FEATURE:

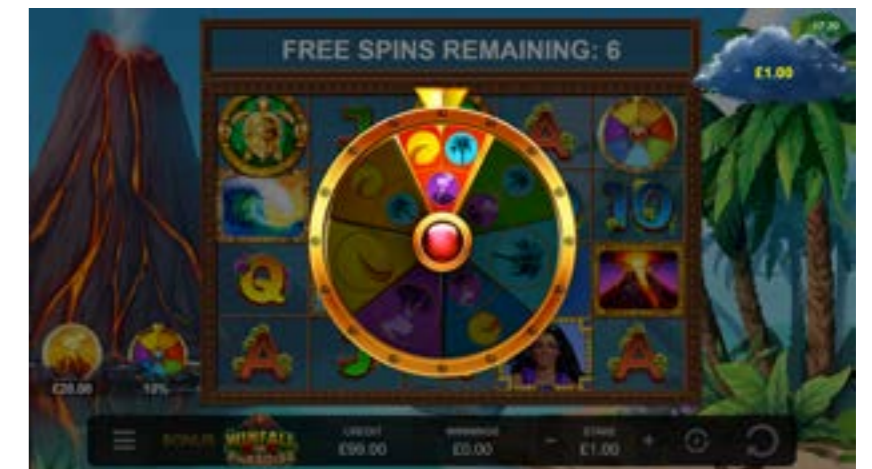

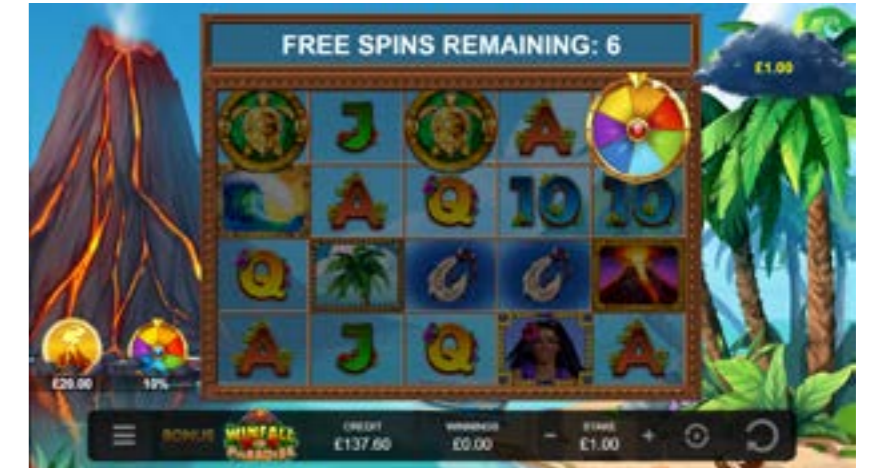

### LAVA AND WHEEL SYMBOLS ARE ACTIVE IN THE FREE SPINS

The starting chance for the Wheel replacing the Lava symbol is the same as the triggering base game.

The Lava symbol behaves the same as the base game.

It is possible for the Wheel to award ALL 3 FEATURES.

When the Wheel appears, the chance for the Wheel symbol resets to 5%, 10%, or 15%. At the end of the Free Spins, the chance for the Wheel symbol is taken back to the base game.

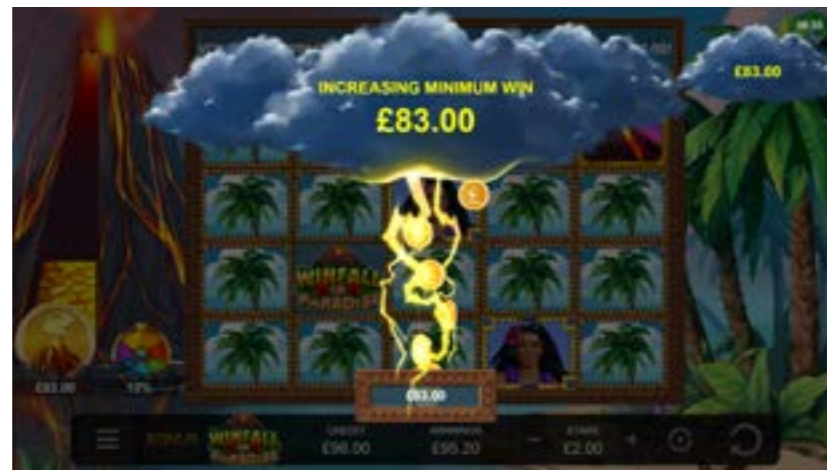

# GAME FEATURES

## PERSISTENT GUARANTEED MINIMUM WIN WITH INCREASES

Each spin in the Free Spins Feature has a Guaranteed Minimum Win Amount that starts at 1x bet.

When a larger win occurs in the Free Spins, it replaces the guaranteed Minimum Win Amount for all remaining spins. 3 Turtles awards 7 more Free Spins with the same Guaranteed Minimum Win.

# GAME FEATURES

## BUY A BONUS OPTION

IMMEDIATELY TRIGGER 7 SPINS USING THE FREE SPINS FEATURE RULES

At the start of these 7 Spins, the WIN-IT-AGAIN VOLCANO VALUE is set to the maximum value of 400 times the bet and the LAVA GROWING FEATURE PROBABILITY is set to 100%.

# GAME RULES

## ABOUT THE GAME

Windfall in Paradise is a 4x5 20 line game with 3 main features and a free spins bonus. The minimum wager is 25 credits. All wins except scatters are paid left to right using active pay lines on adjacent reels starting with the left most reel.

# GAME RULES

## LAVA LEVEL PERSISTENCE FEATURE

There is a symbol Lava, on reel 5 only, that may randomly appear as Wheel. This may occur in either the base game or the free spin games and is determined randomly at the beginning of the spin. The Lava Level, intermittently shown in the Volcano to the left of the reels and numerically displayed at the base of the volcano, indicates how likely the Wheel symbol will replace the Lava symbol on reel 5.

The probability of the Lava being replaced by Wheel ranges from 5% to 100% is represented proportionately. That probability is displayed at the base of the right side of the volcano and also represented by the Lava Level. When the Lava symbol appears on reel 5, that probability and the Lava Level are increased by 5%. When the Wheel appears, the Wheel Feature is triggered and the lava level is reset to a random starting level.

# GAME RULES

## WHEEL FEATURE

The Wheel Feature is triggered immediately when the Wheel appears in the game play area on reel 5.

The Wheel on reel 5 will grow to show 3 bonus features in various combinations that may be awarded.

Possible awards are: The Volcano - Persistent Win It Again Feature, the Wave - Random Wild Feature, the Wind - Symbol Upgrade Feature, and all possible combinations of these 3 features appearing together. The section of the wheel that awards all 3 features is only possible during the free spins.

When multiple features are awarded, including the Wind - Symbol Upgrade Feature, it will be awarded first.

The Wave - Random Wild Feature, if awarded, will be played before the Volcano - Persistent Win It Again Feature.

The Volcano - Persistent Win It Again Feature, when appearing with the Wind - Symbol Upgrade Feature and/or the Wave - Random Wild Feature, will be resolved after the other features are completed.

# GAME RULES

## THE VOLCANO - PERSISTENT WIN IT AGAIN FEATURE

The reset value for The Volcano - Persistent Win It Again Feature is equal to the minimum wager.

If, during a base game spin or during a free spin awarded by the base game, the total awarded from a single spin exceeds the current Volcano - Persistent Win It Again amount, the Persistent Win It Again amount is increased to the current single spin award. When awarded from the base game or from a free spin that was awarded by a base game, the value is reset.

## WIND - SYMBOL UPGRADE FEATURE

When awarded, a symbol will be randomly selected from the increasing value ordered list: Queen, King, Ace, Hook, Wind, Wave, Volcano, Girl, or Logo/Wild. All Ten, Jack, and the Wheel along with all symbols lower in value from the list, will be upgraded to the randomly selected symbol. For example, if the selected symbol is King, all Ten, Jack, Queen and the Wheel will become King. If the Wave - Random Wild feature is also awarded, win evaluation does not occur until afterward. In addition, two wilds will be added to reels

# GAME RULES

## WAVE - RANDOM WILD FEATURE

When awarded, between 2 and 20 Logo/Wild will be added randomly to the game play area. Priority is given to the first three reels and to at least 2 in the first 3 reels appearing on the same row.

## FREE SPINS FEATURE WITH INCREASING GUARANTEED MINIMUM SPIN

Turtle appearing on reels 1, 3, and 5 awards 7 free spins. Lines played and the wager are the same as the initiating base game spin. Turtle appearing on reels 1, 3, and 5 during the free spins awards 7 additional spins to a maximum of 35 free spins. Any occurrence of Turtle appearing on reels 1, 3, and 5 after 35 free spins have been awarded, will award credits equal to 10 x bet. The initial value for the Guaranteed Minimum Spin is the current bet.

# GAME RULES

## INSTANT - BUY A FREE SPINS FEATURE

The Free Spins Feature may be triggered prior to base game play by selecting the buy a bonus button option and paying 120 times the current bet. Lines played and the bet level are the same as those at the time of paying for the feature. At the start of the Instant Free Spins, the Lava level (probability of the Wheel replacing the Lava) is set to 100%.

The VOLCANO - WIN IT AGAIN value is set to it's maximum of 400 times the bet. These do not effect the persistence values.

The rules for resetting or increasing the WIN IT AGAIN value and the LAVA LEVEL PERSISTENT value will apply throughout the INSTANT - BUY A FREE SPINS FEATURE. The Lava Level value and the WIN IT AGAIN PERSISTENT FEATURE value are unchanged by events during the INSTANT - BUY A FREE SPINS FEATURE.

# GAME RULES

## HOW TO PLAY

Select the coin denomination > Press the Spin button to start game.

## RANDOMIZATION

The reels are spun with a fair and equal chance for each stop position by a certified random number generator.

For more information, visit <http://www.yggdrasilgaming.com/en/about-us>

# GAME RULES

## HOW TO CALCULATE DROPDOWN WINS

- Total payline win amount is the sum of all 20 payline wins.
- Line wins pay for 3, 4, or 5 matching symbols in a row on a payline, start with the left hand reel.
- Only the highest pay on a line is awarded.
- LOGO/WILDs may substitute in line wins, but not for SCATTERS
- Line wins starting with 3 or more LOGO/WILDs will pay the highest pay only.

# GAME PANEL

- A| **Menu** Displays the number of lines in the game. The number of lines is fixed and cannot be changed.
- B| **Time** Changes the bet size by changing the coin value.
- C| **Win** Displays the win for the current or last win payout step. Clicking on the field toggles between coin and cash view.
- D| **Credit** Clicking on the field toggles between coin and cash view.
- E| **Sake** Sets the coin value to the largest available. Pressing the button a second time returns it to its original state.
- F| **Autoplay** Players can make the game play without pressing the spin button each time. Choose the number of rounds to auto play by pressing the autoplay button. Players can choose additional conditions for when to stop autoplay in the Game Settings. The loss limit in some game client versions prevent players from losing above a set limit during an autoplay session. Pressing the autoplay button a second time stops the autoplay.
- G| **Spin Button** Starts the game. When the reels are spinning, the spin button transforms into the Stop Button.

# OPTIONS PANEL

-  **Lobby** Returns the player to the game selection lobby.
-  **Sound** Allows the player to adjust the volume of the game.
-  **Paytable** Displays the pays for symbol combinations appearing on the payline.
-  **Game Rules** displays the rules for the game including feature descriptions.
-  **Settings** Allows the player to change player selectable options of the game other than those already described.
-  **Stake** Allows the player to see wager options at the current credit value and select a wager.

# ADDITIONAL INFORMATION

If the game is interrupted during play, players can replay the game round after restarting the game.

If the player chooses to skip the replay, their win will be added to their balance immediately.

In any situation where the replay-functionality is not sufficient, please contact the gaming website's support team.

In the event of malfunction of the gaming hardware/software, all affected game bets and payouts are rendered void and all affected bets are refunded.

This is game rules version 1.0, dated 22/03 2020. To make available any previous version, please use the contact form at <http://www.yggdrasilgaming.com/en/contact-us>
