GAME DESCRIPTION

C-Punk-5K is a slot game with a six-reel slot, a 4x5x5x5x5x4 configuration, and 10,000 pay ways. Wins are awarded from any three or more matching symbols across three or more consecutive reels, starting with the furthest left. The game includes Free Spins, Wild symbols a drone Bonus.

A win is awarded if three or more identical symbols line up left to right on a WAY/WAYS, beginning from the leftmost reel. If multiple combinations on the same winning symbol occur, only the highest will be paid. Simultaneous wins on different WAYS are possible and accumulated into a total win, with the winning values and paid out in accordance with the values set in the pay-table

FREE SPINS

Free Spin symbol appears only on reels 2, 3, and 4.

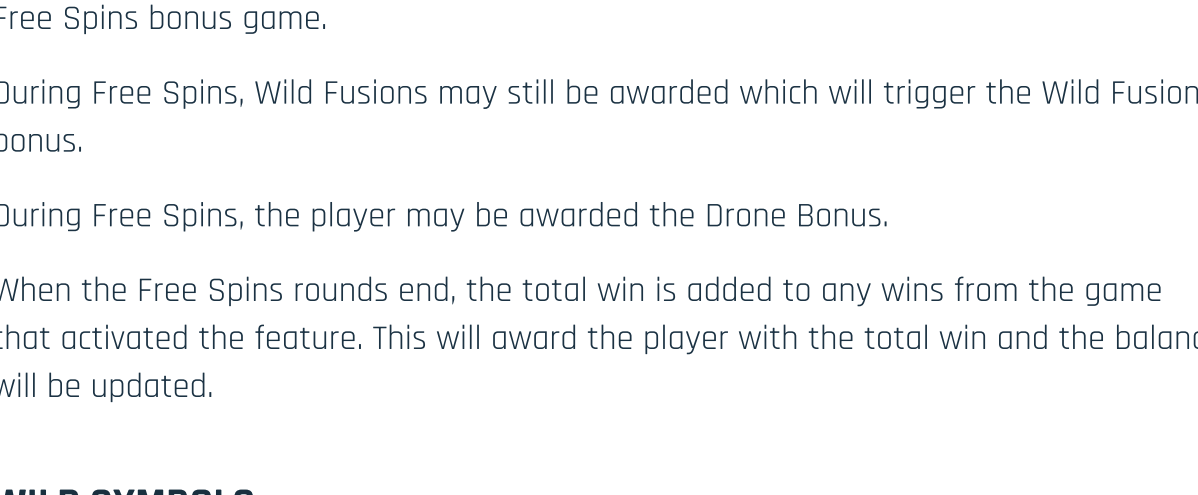

All Free Spins are played at the same bet level and cash value specified in the round that activated the Free Spins.

At the end of Free Spins, the total win from Free Spins is added to any wins from the round that activated the Free Spins.

When the Free Spin symbol appears on all 4 reels, regardless of the position, then this will trigger the wheel of fortune mini game which will award one of the outcomes below.

During free spins bonus features are:

- Remove x2 low value reel symbols from the reels.
- Remove x4 low value reel symbols from the reels.
- Add x2 roaming wild symbols.
- Add x4 floating wild symbols.

On entry, a 'wheel of fortune' will show two concentric rings:

- The outer ring will award several free spins.
- The inner ring will award a bonus feature.
- The number of free spins available are: 5, 7, 10, 12, 15 or 20.

Free Spins may be re-triggered during free games. These will award additional free spins that will be added to any existing free spins remaining in the game. Any additional free spins will be played with the same bonus granted upon entry to the Free Spins bonus game.

During Free Spins, Wild Fusions may still be awarded which will trigger the Wild Fusion bonus.

During Free Spins, the player may be awarded the Drone Bonus.

When the Free Spins rounds end, the total win is added to any wins from the game that activated the feature. This will award the player with the total win and the balance will be updated.

WILD SYMBOLS

The wild symbols substitute for all symbols except Scatter, Mystery Win and the Santa's Gift's Bonus

Wilds appear only on all reels

WILD symbol - Appears stacked and not stacked on reels 2, 3, 4, 5. The Wild symbol substitutes for all symbols except for the Free Spins symbol.

Fused Wild symbol - appears after several Wilds fuse

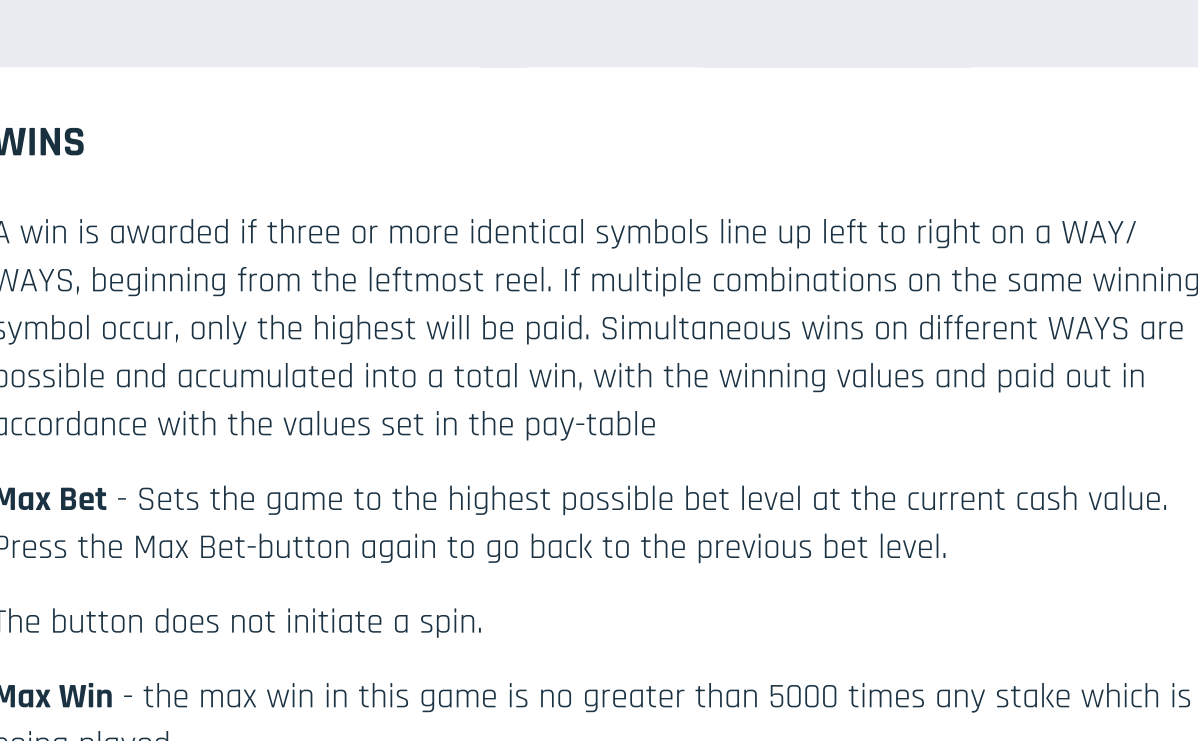

WILD FUSION BONUS

If a stack of two or more wilds lands in view, a free re-spin is awarded.

- During the re-spin, the stacked wild symbols combine into a single symbol (a wild 'fusion') and show a wild multiplier based on the number that formed it: two symbols = x2, three symbols = x3, up to x5.
- Wins are paid as per normal after the re-spin when they occur.
- If a second stack of wilds lands in view on the re-spin, they will trigger a second re-spin and combine to create a new wild fusion.
- If the first wild fusion was used in a win, it will spin off during this second re-spin. However, if the first wild fusion was not used up, it will stick in place.
- If a wild fusion is formed partway up a reel, it will drop down to the bottom during the re-spin.
- Re-spins continue as long as new wild stacks appear.
- Once no more wild stacks appear, the re-spin feature ends and play continues as normal.
- Wild fusions may produce infinite re-spins being awarded until the game's maximum win of 5000X the player's stake is reached at which point the current game ends.

DRONE BONUS

When the drone randomly appears on the reels it creates a win from a non-winning outcome. These symbols may be any symbol from the game and can create Free Spins symbols or even Wild symbols.

The drone may trigger Wild Fusion by swapping a non-wild symbol into a wild symbol and creating a stack of wilds.

The drone may trigger Free Spins by awarding 1 or more additional Free Spins symbols by swapping non-Free Spins symbols to free spins symbols creating a total of x4 Free Spins symbols.

During Free Spins, the drone may trigger Free Spins by awarding 1 or more additional Free Spin symbols by swapping non-Free Spins symbols to free spins symbols creating a total of x4 Free Spins symbols.
