ABOUT 88 DRUMS

We are celebrating the Chinese new year like never before, with a game packed with exciting features that will reward players often and in very exciting ways with our Lootlink mechanic!

Example of Desktop Base Game

A celebration of Chinese culture and symbols, 88 Drums brings many exciting things to the gaming table. The base game features Wilds and Scatters. When landing 5 or more green circle scatters, the Scatter Lootlink feature is activated. This opens up a whole new independent matrix with 25 slots, where 10 are locked. 3 spins are granted, and they continue and are reset back to 3 whenever a new symbol lands. After 10 symbols have landed, the 4th row is unlocked, and 5 new slots are available. The 5th row gets unlocked after 14 total symbols are found on the reels. A jackpot symbol may land anytime, but if all 25 positions are covered, the Grand Jackpot is awarded!

Similar to the Scatter Lootlink is the Drum Lootlink. It may start anytime when a Wild lands. This opens up a new independent matrix, where the goal is to collect as many drums as possible. Depending on the number collected, the awards vary, being 8,888 the maximum award when collecting 88 drums. The feature starts with 3 spins, and keeps respinning and resetting the spin counter back to 3 with every drum symbol landing. Drum symbols feature a number which corresponds with the number of drums collected on each slot. This number can randomly increase at the beginning of each spin.

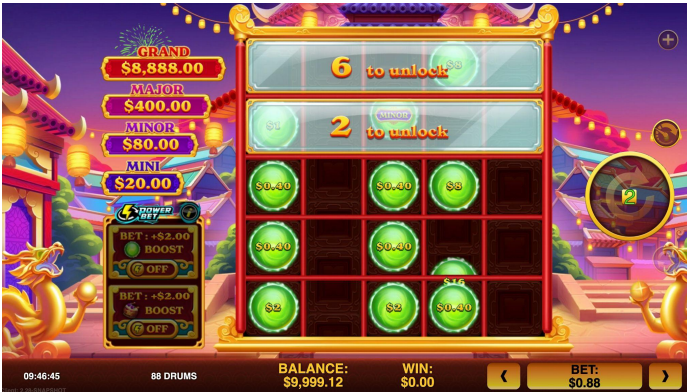

Furthermore, free games are awarded when landing 3, 4 or 5 Free games symbols, granting 10, 15 or 25 free spins.

88 Drums also features 2 Power bets: the Scatter Boost and the Drum Boost. When the Scatter Boost Power bet is activated, only 4 symbols are needed to launch the Scatter Lootlink feature. The Scatter values are higher, the jackpots are 3x the value of the base mode and the spins counter has 4 spins instead of 3.

When the Drum Boost is activated, it features a higher frequency to activate the Drum Lootlink feature. It also increases the spin counter to 4, instead of 3, the base game and free games drum multiplied is always 8x, and the drum pays are 3x higher than the base mode.

FEATURES

Scatter Lootlink

Play an independent 25 slots matrix featuring scatters, when landing 5 or more green circle symbols on base game or bonus game. Start with 3 spins and 15 slots, respin and reset the spin counter back to 3 as long as a new symbol appears, and unlock the other 10 slots by landing enough green symbols (10 and 14 in total for the 4th and 5th locked rows). Jackpot symbols may appear. If all 25 positions are filled, a Grand Jackpot is granted. Before unlocking any row, and no more spins available, there is a random chance that a row is unlocked and another spin is granted.

Drum Lootlink

At any given time, when a Wild lands, the Drum LootLink may be activated. Start with 3 spins, and respin as long as a new Drum symbol land, and reset the spin counter back to 3. Collect Drum symbols as seen in the top counter, and get rewards based on collected drums as seen on the left side. 88 Drums collected will grant the max reward and end the feature. The multiplier value (in this case acts as number of drums on that slot, rather than a common multiplier) on each drum may randomly increase at the beginning of each spin.
