FEATURES

WYSIWYG & SPIN-CREASE

Winning comes from landing symbols that display the payout value. The symbols values are determined by the Spin-crease points achieved. The more you play, the more the symbols value grow, and the higher the bet, the quicker this happens.

POWER BET

During base game, users can buy 15, 30 or 45 Power bet spins, that expand the reels by 1 row each 5, 10 and 15 spins respectively according to the amount of spins bought, and grows the matrix from 5x5 to 5x8 rows. The Power Bet buying prize depends on the bet level. Winning chances are therefore increased. If free spins are won during Power Bet, those spins will play in the layout where those symbols landed: can be at 5x6, 5x7 or 5x8!

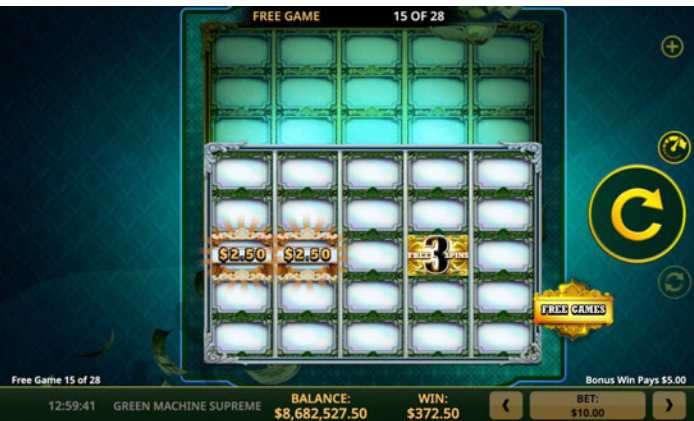

REWARDS WHEEL

During base game, wheel symbols can appear. Each symbol grants 1 spin at the rewards wheel, and users can land more than 1 symbol. The wheel rewards are guaranteed and depend on the base game symbols values (spin-crease tiers).

JACKPOT SYMBOLS

During base game, jackpot symbols can appear. There are 5 different jackpots symbols which award: 20x, 40x, 200x, 400x and 1,000x the bet.

RETRIGGERABLE FREE SPINS

1 or more 3 or 5 free spins symbols landing on the base game grant the sum as free spins. During free spins, more free spins symbols can land, ranging from 1, 3 or 5 free spins, which are added to the bonus round. Free spins triggered on Power Bet play in the same reels layout as the triggering layout: up to 5x8 reels!
