## FEATURES IN THE GAME

## MONEY BEE FEATURE

Let the games bee-gin! In the main game and in Free Spins, Bee symbols with values of 1x, 2x, 5x or 10x the bet can randomly appear on the reels. If a Bee symbol appears with at least 1 Beehive symbol, the values are added to the Beehive, and an instant cash win is awarded! There are multiple types of Beehive symbols, each having a different effect on the Bees:

**Beehive**

Values of all Bee symbols are added to it.

**Multiplier Beehive**

All Bee symbol values are multiplied by x2 before being added to it.

**Adder Beehive**

All Bee symbol values are increased by the current bet value before being added to it.

If multiple types of Beehive symbols appear on the reels at the same time, the effect of the Multiplier Beehive effect is applied first.
