Rocco Gallo

WHAT'S THE STORY?

Welcome to Italy! In a small village a mighty cockerel rules the roost. Meet Rocco Gallo.

Rocco may rule the roost, but Vinnie Volpe is always lurking in the shadows, ready to pounce and sneak away with Rocco's chicks.

We think Rocco might have something to say about that...

MEET THE CHARACTERS

ROCCO GALLO

The cockiest cockerel in all of Italy, Rocco Gallo sure has his work cut out for him with Vinnie around.

VINNIE VOLPE

This wily fox will do anything to get his paws on Rocco's chicks. Did you know that 'volpe' means fox in Italian?

FEATURES

Fans of farm style slots will love this animal themed game.

Goals are clear from the offset as a Chicken vs. Fox narrative ensues on the grid.

As well as Rocco and Vinnie, hens and chicks whiz around the reels but the Golden Egg Scatters are ones to look out for. Triggering three will take the player through to the bonus Free Spins.

During the Free Spins Golden Eggs will reveal either an instant prize – which is added to the Cash Pot immediately – or a Multiplier. Two frames are highlighted on the reels, if Rocco appears the Cash Pot prize is awarded, but if Vinnie Volpe appears the Cash Pot prize is removed.

If both characters appear an innovative battle takes place on the reels but the Cash Pot prize will be awarded, and the Free Spins will be reset back to 3. This feature is designed to drum up anticipation and immerse the player in the fight between Rocco and Vinnie.

Even when the battle in the bonus isn't taking place the undercurrent of the narrative is still apparent as the shadow of Vinnie Volpe creeps across the reels so the player knows he is always lurking.

IN-GAME ARTWORK

Find all of Rocco's chicks and hens on the reels. Not to mention a crop of vegetables for a taste of Italy!
