

The Quest continues!

Coin Quest 2 is a sequel to our most popular game to date which was released earlier this year and once again we have captured player feedback e.g. by increasing the bonus frequency.

Just like its predecessor, Coin Quest 2 is a cluster slot featuring our unique and trademarked *Coin Cluster®* feature. The gameplay has been enhanced and there are two bonus features – Free Spins and Super Free Spins. The symbol grid has also been increased to 6×6 and the added power-up symbols including Wilds, Coins and Transform symbols warrants great player experience and excitement.

With Coin Quest 2 we introduce a Gamble feature in Fast Track whereby players can gamble for the Super Bonus at a lower price. The RTP is set at 96,18% and the maximum win is 15,000 times bet.

In response to changing player preferences when it comes to gameplay, the Slotmill games have two integrated excitement enhancing features; "Burst Mode" and "Fast Track". Burst Mode is an enhanced auto-play with a play-through of two game rounds per second, and Fast Track offers players the option to get directly into the bonus features of the games. Both Burst Mode and Fast Track have proven immensely popular among players.
