Introducing: *Knight Rider* Video Slot

Join Michael Knight and K.I.T.T. in an epic slots throwback, based on NBC Universal's popular *Knight Rider* TV series.

This high-octane 5-reel, 4-row video slot includes the Walking Multiplier Wilds, Turbo Boost, Free Spins with the Laser Wilds and the Buy Feature.

The epitome of cool, David Hasselhoff (in all his 80s glory) is at the heart of the *Knight Rider* franchise. He patrols the streets of Los Angeles together with his trusty Pontiac Firebird Trans Am: a self-aware car named K.I.T.T., a heavily modified and artificially intelligent vehicle with the ability to talk, fire weapons and travel at high speed. The show was built around these unique characters, and the video slot game is no different.

The slot's design was developed by our games team in close collaboration with Universal Games and Digital Platforms. It offers a dreamy new take on the classic series, with powerful evening shades of black and red. K.I.T.T., as always, gets the last word: "If I may say so, Michael, I'm quite pleased with my new look!"

FEATURES IN THE GAME

WALKING MULTIPLIER WILD

The fuel that powers this slot are the Walking Multiplier Wilds. These Wilds can appear anywhere on the reels in the main game and in Free Spins. Whenever these Wilds form part of a win they remain on the reels and move one reel to the right instead of disappearing at the start of the next spin. These Wilds are assigned Multipliers that correspond to the reel on which they've landed (1x, 2x, 3x, 4x, 5x). When Walking Multiplier Wild symbols move to the right, the Multipliers are updated accordingly.

TURBO BOOST

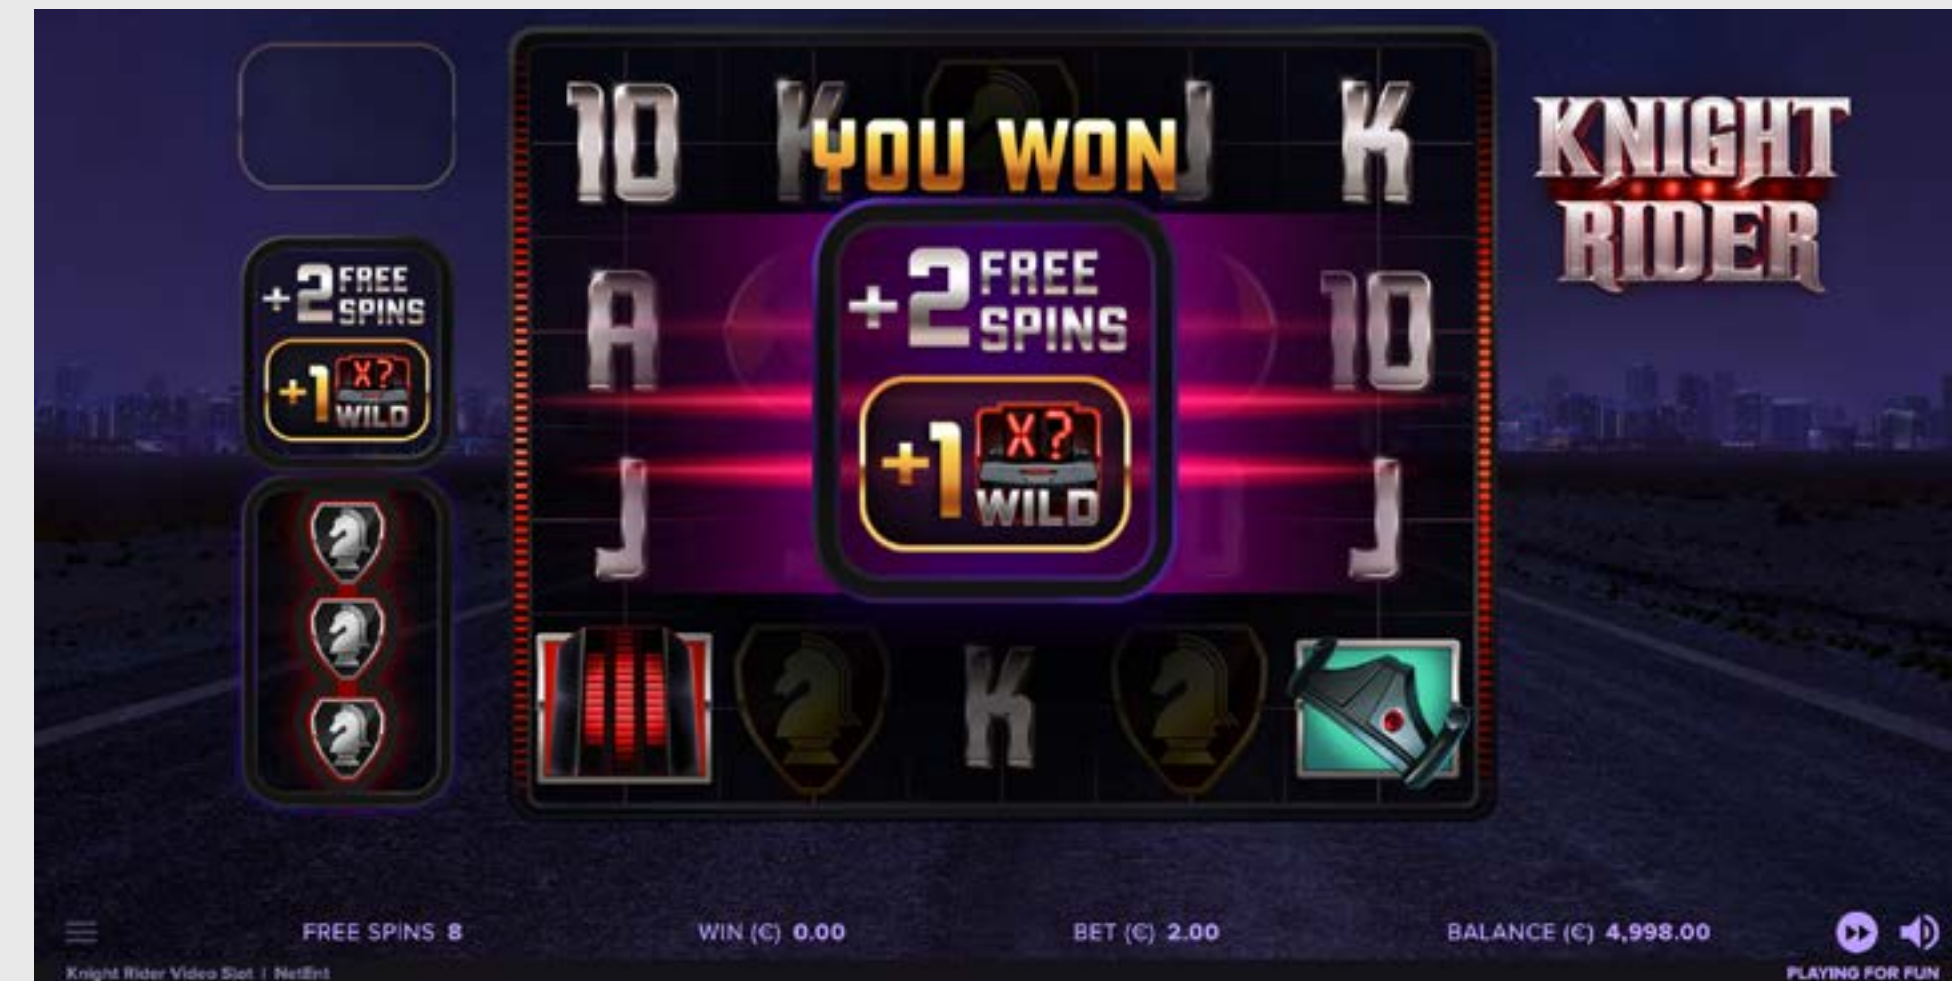

Activate Turbo Boost! This feature is randomly activated in the main game and places 3 or 4 Walking Multiplier Wild symbols onto the reels.

FEATURES IN THE GAME

FREE SPINS

Land 3 Scatter symbols on reels 2, 3, and 4 to activate 10 Free Spins – this is where you can really rev up your wins. In the Free Spins bonus game, the *Knight Rider* puts his pedal to the metal in a high-speed road chase. There are 4 levels in Free Spins; you start at level 1. To move up the levels, you'll need to fill the meter by landing Knight symbols on the reels. 3 Knight symbols levels you up.

LASER WILDS

Why does it matter what level you're on? When you fill the first meter and reach level 2, the Laser Wilds Feature is activated. When this happens, 1 Walking Multiplier Wild is randomly zapped onto the reels before they start spinning. When you're on level 3, 2 Walking Multiplier Wilds land, and when you're on level 4, 3 Walking Multiplier Wilds land. Further filling the meter will award you with 2 additional Free Spins for every 3 Knight symbols collected. Vroom! Vroom!

FEATURES IN THE GAME

BUY FEATURE

Tired of waiting to get into Free Spins? Activate the Buy Feature for 140 times the bet. When Free Spins are activated with the Buy Feature, Free Spins start immediately without a main game spin.
