GENERAL GAMEPLAY RULES

- Wheel of Winners is a money wheel-type show game.
- The objective is to place bets on the winning ticket, determined by where the clapper lands.
- The game contains x2 and x7 multipliers that increase payouts by the corresponding degrees.
- More than one multiplier can be applied in a row.
- RTP varies depending on bet type.
- Any malfunction voids all pays and plays.

MULTIPLIER RULES

- There are 2 segments on the wheel that will multiply any win.
- The multiplier segments multiply the next win by 2 or by 7, according to the segment.
- If the wheel stops on a multiplier segment, all the bets remain in place. No new bets are allowed.
- The next spin determines the winning number as usual, but the odds will be multiplied by 2 or by 7, depending on which multiplier segment the wheel stopped in the previous spin.
- The wheel may stop on another multiplier segment consecutively, multiplying the odds further.
- The more you land on a segment, the greater the multiplier.
