## Base Game Features

### "Agamemnon" Modifier

Agamemnon commands his soldiers to march across the reels and reveal at least one full column of Wilds.

### "Skinny Greek Soldier" Modifier

The Skinny Greek Soldier fires rocks from his catapult at the walls of Troy. Rocks land on random reel positions and reveal a mystery symbol.

### "Helen" Modifier

Helen sprays her perfume over the reels, which can create a supersize symbol. Supersize symbols can be 2x2 or 3x3 symbols big.

### "Achilles" Modifier

Achilles offers the player a choice of 6 mystery prizes hidden behind the soldiers' shields. Mystery prizes include one of the Bonus rounds, a 5 of a kind win or a Big Win.

## Bonus Rounds

### "Trojan Horse" Bonus

Greek soldiers line up to sneak into the Trojan Horse. Each time a soldier hides in the Trojan Horse a cash prize is awarded. When the Trojan Horse is full the ladder is pulled up and it makes its way into Troy.

### "The Empire" Bonus

Agamemnon commands his troops to build an empire. The player chooses which lands the troops should conquer. Each successful battle earns a cash prize, but troops may become casualties. The empire building continues until all troops are lost in battle.
