## GAME DESCRIPTION

The Bowery Boys is a game set in Hell's Kitchen back in the 19th Century! It has a 6x5 playing field with all-scatter wins. This game is packed with Bomb and Dynamite Multipliers and Strongboxes filled with cash to really take the wins to another level! Win up to 10,000 times the bet!

## FEATURES

### PENDING WIN

All wins during a round will be collected and displayed above the reels in the total win bar as a pending win amount. At the end of a round, the pending win amount is paid out (after applying Strongboxes and Multipliers) and the pending win resets to 0.

### STRONGBOXES

Land Strongboxes together with a Key symbol to unlock extra cash prizes. These values will be added to the total pending win amount above the reels at the end of the round, before applying any Multipliers. One Key can unlock multiple Strongboxes.

There are three different Strongboxes with different prize values

- Small Strongbox: 2x-5x bet cash prize
- Medium Strongbox: 10x-25x bet cash prize
- Large Strongbox: 50x-250x bet cash prize

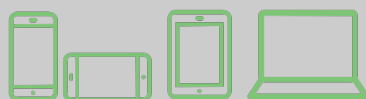

### BLASTING BOMB MULTIPLIERS

Land Blasting Bomb Multipliers to really make wins explode! Blasting Bomb Multipliers multiply the current pending win amount by the multiplier value at the end of the round (after applying any opened Strongboxes). If two or more multipliers are landed at the same time, their values will first be added together, and then the win will be multiplied by the total.

Multipliers are only activated if there is a pending win amount in the total win bar.

Possible multiplier values: 2x, 3x, 4x, 5x, 10x, 15x, 25x, 50x, 75x and 100x.

## FEATURES continued

### BONUS GAMES

This game features 3 different bonus games, all triggered through the BONUS symbol landing in the base game.

If 1 BONUS symbol lands, the Strongbox Storage bonus game will be awarded.

If 2 BONUS symbols land, the Daisy's Dynamite bonus game will be awarded.

If 3 BONUS symbols land, the Bowery Savings Bank bonus game will be awarded.

In each bonus game, additional landed BONUS symbols will award one extra free spin per BONUS symbol.

### Strongbox Storage - 10 Free Spins

Store up to 5 Strongboxes in the Storage if they land them without a Key. Once a Key lands, it will open any Strongbox on the reels and all Strongboxes in the Storage. Land bonus symbols for additional spins. Each bonus symbol gives one extra spin.

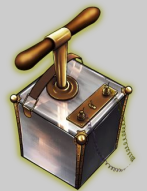

### Daisy's Dynamite - 10 Free Spins

This feature contains special Dynamite Multipliers which require a Detonator to be activated. Dynamite Multipliers have the following possible multiplier values: 2x, 3x, 4x, 5x, 10x, 15x, 25x, 50x, 75x and 100x.

All landed Dynamite Multipliers will be progressively stored in the Dynamite Box until a Detonator lands. The Detonator will trigger all Dynamite Multipliers stored in the Box in one giant explosion that multiplies the pending win amount for the current round. Detonators can land on both winning and losing spins!

### Bowery Savings Bank - 10 Free Spins

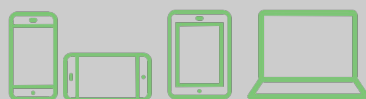

For every win in this feature, the same amount will also be stored in a separate Vault (original win is always paid out to player). The amount displayed in the Vault is not awarded unless the special Dollar symbol lands.

Land the Dice symbol to multiply the current value in the Vault by any whole number in the range x2 - x12 (the sum of two six-sided dice).

When the Police Officer Badge symbol lands the policeman will come bursting in! He will have to be paid off with 10%, 20%, 30%, 40% or 50% of the current value of the stash in the Vault.
