ANTE BET

The player has the option to select the bet multiplier. Depending on the selected bet, the game behaves differently. The possible values are:

Bet multiplier 20x - gives the ability to purchase a **FREE SPINS ROUND** by paying a value equal to 100x total bet.

Bet multiplier 25x - the chance to win free spins naturally is doubled. More **SCATTER** symbols are present on the reels. The **FREE SPINS PURCHASE FEATURE** is disabled.

TUMBLE FEATURE

The **TUMBLE FEATURE** means that after every spin, winning combinations are paid and all winning symbols disappear. The remaining symbols fall to the bottom of the screen and the empty positions are replaced with symbols coming from above.

Tumbling will continue until no more winning combinations appear as a result of a tumble. There's no limit to the number of possible tumbles.

All wins are added to the player's balance after all of the tumbles resulted from a base spin have been played.

Special reels are in play during the **FREE SPINS ROUND**.
